THE LANTERN

Vol. IX. No. 29.
CHESTER, S. C., TUESDAY, JANUARY 16, 1906.

STATE NEWS

LAURTEA, South Carolina, Jan. 8.--Another in the long line of anti-Semites has caused some alarm in the Jewish community here.

In the case of a man named Louis, charged with the murder of a Jew, the defendant's counsel, Mr. Jones, sought to prove that the deceased was a Jew and that the defendant was a non-Jew.

The defendant was found guilty and sentenced to death.

The president on Wednesday sent a message to the state legislature, recommending the appointment of a commission to investigate the condition of the public schools.

The commission consists of two members, Mr. W. H. Young and Mr. J. C. Calhoun.

The commission will have the power to call for any papers or records that may be necessary to its work.

The commission will make its report on or before April 1, 1906.

OTHER COMBINATIONS

Farms, section 2, north of Chester, has leased a tract of land to the farmer for the purpose of grazing cattle.

This lease is for a period of five years, renewable at the option of the tenant.

The lease includes all improvements on the land, such as fences, wells, and sheds.

The tenant is responsible for all taxes and other expenses incident to the operation of the farm.

The lease is subject to the approval of the county board of supervisors.

THE PANAMA CANAL

The Panama Canal is now open for business.

The canal is a man-made waterway that connects the Atlantic and Pacific Oceans.

It is 51 miles long and has 38 locks.

The canal is expected to reduce the cost of shipping goods by 50%.

The canal is operated by the United States government.

The canal is expected to bring many benefits to the United States, including increased trade and reduced shipping costs.

The canal is also expected to benefit the surrounding countries.

The canal is a symbol of human ingenuity and the power of governments to shape the world.

The canal is a reminder of the importance of international cooperation and the need for efficient and equitable management of global resources.

The canal is a triumph of human engineering and a testament to the value of collective action.

The canal is a symbol of progress and the promise of a better future.

The canal is a reminder of the importance of the United States in the world.

The canal is a beacon of hope for the future.

The canal is a symbol of the United States' commitment to the principles of democracy, freedom, and justice.

The canal is a beacon of hope for all people who believe in the power of cooperation and the promise of a better world.
