TO WORK FOR PEACE

To those who have been in active service, to those who have been in the labor movement, to those who have been in the trade union movement, and to others who have been in the peace movement, the following article appeared in the New York American:

"The time has come when we can no longer look to the war to save our country. The war must be ended, and the peace must be maintained. The peace movement must be vigorously pursued, and the peace organization must be thoroughly organized.

"We cannot win the war by the methods of war. We must win the peace by the methods of peace. We must win the peace by the methods of cooperation, by the methods of negotiation, by the methods of conciliation, by the methods of arbitration, by the methods of arbitration by the methods of conciliation, by the methods of negotiation, by the methods of cooperation, by the methods of peace."

Fine Mules and Horses

We will have two cars of 54 head of fine Mules and Horses to arrive the latter part of the week. They are from St. Louis, the greatest market. We feel that it is needless to say what kind they are, as you know the kind we buy, as we always buy good Mules and Horses, so that we can stand behind the ones we sell.

Please come around next Monday and look them over before you buy. We will appreciate a call and will take pleasure in showing them to you.
