Visit our National Parks this Summer

June is Great Outdoors Month. The American Recreation Coalition and the Recreation Boating and Fishing Foundation want to remind you that “outdoor recreation is a fun, healthy use of leisure time”.

This year, Great Outdoors Month will extend through July 4th to include a celebration of the 100th anniversary of the US Department of Agriculture’s Forest Service. The occupational traditions of the USDA Forest Service will be featured in the Smithsonian Institution’s Folklife Festival in Washington DC from June 23 – 27 and June 30 – July 4.

The Forest Service, established in 1905 by President Theodore Roosevelt, has done a wonderful job of preserving our national forests and grasslands. As you are making your summer vacation plans, consider visiting one or more of our National Parks and enjoy the beautiful recreations spots that they have provided for us.

For a unique National Park experience, try Llama Trekking or Llama Packing. This activity is offered in many states and is becoming more popular each year. When you hike with a llama, you will have a friendly, fluffy trail buddy who will carry your hiking and camping gear leaving you burden free to enjoy the beautiful scenery and wildlife. Llamas are clean, easygoing animals that don’t spit, bite, or kick. They are great hiking companions for everyone and are easy to lead, even by children. They will walk when you walk and stop when you stop. Llamas are also ecologically friendly. They have padded feet like a dog so they leave little wear on the trail.
Llama trekking can last from one hour to several days. Most companies offer a variety of packages including special occasion trips. Many of the day trips include a picnic lunch.

An Internet search of the area that you are visiting will lead you to llama trekking contacts. There are several located in the SC/NC area. A partial listing includes:

**North Carolina**

- **Hawkesdene Llamas** - offers lunch and dinner llama treks in the Great Smokey Mountains Nantahala National Forest.
