MEN OF PROPERTY.

I ask you to inspect the many pieces of property on my hands, making the blood rich and strengthening the nervous system, and all other organs of health. A result of years of experience in the employment of the medicines I am engaged in, is to be found in the report of a patient who, after using them for some time, stated that he had gained 20 pounds in weight, and that his strength was equal to that of a younger man. If you are interested in the health of your family, I would like to show you the advantages of these medicines, and I am sure that you will be satisfied with the results. My business is open to all, and I am ready to serve you at any time.
