DAVID AND GOLIATH.

The story is told by a Local Historian.

Last week, my brethren, as I was a-readin' in my Bible, I found a story that was very interesting. It was powerful, and it taught me many lessons. I share it with you today.

The story is about a young man named David and a giant named Goliath. David was a shepherd boy who had to take care of his father's sheep. Goliath was a giant warrior, brought to battle by the Philistines against the Israelites.

David faced Goliath without a sword, only a sling and a stone. He didn't stand a chance, yet he emerged victorious. This story teaches us about faith, courage, and the power of God.

The Bible version of this story is in 1 Samuel 17, but I found an overview in the article "David and Goliath: An Old Friend." It's in the Public Records, Vol. 7, pages 111-117.

In the original tale, King Saul was supposed to give David a sword, but he was afraid and gave David a sling. David used a stone and a slingshot to take down Goliath's armor, helmet, and spear. Goliath fell dead, and David continued to fight the Philistines.

The story is not just about a battle; it's about faith and the power of God. It's a reminder to us all that we can face our giant problems and emerge victorious when we trust in God.

The Moral:

1. Faith over fear.
2. God's power is greater than our problems.
3. We can overcome our giants with faith and wisdom.

The story of David and Goliath is a true inspiration. It reminds us that even the smallest of us can face and conquer our giants with God's help.
