FRESH AIR MAKING MEANS
BETTER COOKING

YF! I am doing all my baking in my NEW PERFECTION Oven on a NEW PERFECTION Oil Cooker.

It bakes bread so richly browned—so delicious—such light, fluffy cake.
The secret is the current of fresh hot air produced perpetually under the food—driving out the steam and preventing sticking, and having 76 an inch of space in the NEW PERFECTION Oven. With a NEW PERFECTION Oil Cooker.

You can have a cool, clean kitchen all day long. No heat, no smoke to carry; no smoke or odor.
The NEW PERFECTION is like a gas stove. It is ready day or night. Needs no priming. Made in 1, 2, 3, 4, 5, 6, 7, 8, 9, 10. No other oven with a stove in the world can claim these advantages.
