Sovereign Cigarettes
FOR THE GENTLEMAN OF THE SOUTH

"KING OF THEM ALL"

They were a couple of fine old Southerners—men, you could tell that at a glance. They were talking about tobacco.

"Down South here, we judge a man by his family, don’t we? If he is a gentleman, we take his measure in a minute, don’t we? And, that’s all we want to know, isn’t it?"

"Say, friend," one said, "judge this cigarette the same way. He is a SOVEREIGN—"

That means he has blood and breeding—

comes from the finest family—and has heaps and heaps of good friends here in the South.

"He is made of the choicest and sweetest and most beautiful of Virginia and Carolina tobaccos, he is raised like a true Southern gentleman—"

And this aff must be true, men, because

You Folks of the South KNOW good blood! You Folks of the South KNOW good tobacco! That’s why everybody likes me—"why the men of the South are smoking me by the millions—every day. My it’s fine to be so popular—to have so many friends. And, then here’s something more to think about—"

WHERE I COULD NOT TOLERATE PAIN

"For a year or more,

Mrs. J. Martin, of Columbia, in a statement, be

said, "I had been operated on by a surgeon for a

nasty abscess in the lung, but he did not know he

had operated on anything else, and I had begun to

wonder if perhaps I was not senile, or if I was too

sensitive. Then I heard that Tanlac had been

used with remarkable success by several

people.

I wanted to try it. I had a few bottles sent and

when I took the first one, I was so weak,

年底, and I had the headache, almost all

the time. I could not do the housework, and I

was hardly more than skin and bone when it was

done. My husband became ill with typhoid fever

and I was hardly more than skin and bone when

he began to take Tanlac. I knew nothing about

Tanlac in its use, but I saw my husband get

much better in every way, and by beginning to

have done this, though, had it not seemed

up well under the strain, I could not

You Need a Tonic

There are times in every woman's life when she

must have a tonic. There are times when a woman's

physique is out of order, and she needs the

assistance of a tonic to bring it back to normal.

There are times when a woman needs the

assistance of a tonic to bring it back to normal.

This Great Car Leads All Sixes

Because of its Marvelous' Motor

THOUSANDS of men and women who would

pay hundreds of dollars more for an

automobile, if paying more would get

them more, choose the Chandler. They are not

seekers after a low price. They desire the best

six-cylinder motor regardless of price. They choose

a Six because time has shown that a six-cylinder

motor, correctly designed, gives all the power and

all the flexibility of power that any motor can

give; that such a motor has the life and map and

that they desire; that such a motor is genuinely

economical in cost of operation.

So those desirous of the Six—choose the

Chandler, because through four years of intelli-
gent, conscientious, manufacturing effort, and

without radical or experimental changes of

design, the Chandler motor has been developed
to a point approximating perfection.

Chandler Low Price is Important, Too

While with so many the question of price is of

secondary consideration, still Chandler leads in

price today quite as distinctly as it has always led

in the face of advanced cost of all materials

and labor, the Chandler price is but $160 higher

than two years ago. And the car is finer than

then. Not a feature has been cut out of it. Much

has been added.

AND OTHER CARS IN THE CHANDLER-

FIELD HAVE ADVANCED AS MUCH AS THESE

HUNDRED DOLLARS THE PAST YEAR, EITHER

BECAUSE OF NECESSITY OR OPPORTUNITY.

The Chandler Company has not been willing
to take advantage of a situation which would have permitted price inflation.

And this year we shall probably build and sell

cars that any other manufacturer building a car of even similar quality.
