NEW LAW.

The Case of Mrs. Nation.

The recent case of Mrs. Nation brought the question of the rights of negroes to the front stages of the political drama. The courts refused to grant equitable relief to the Negro, not because justice was against him, but because the law is against him. It is a very difficult matter to decide a Negro's right to life, liberty, or property. It is a matter of opinion. It is our duty to make the laws of the state

SACRIFICING JUDGMENT.

Opinions of a Gambler and So

n Kurve a Social Card Party.

At a mass meeting in the Second Presbyterian church, Mrs. Win. Torbit, of West River, was one of the most prominent speakers. She was a most interesting speaker, and her speech was very successful. The subject of the meeting was the evils of the social card party.

To Impeach Judges.

The desire for this matter has not been satisfied. The desire for impeachment has been expressed in every other prohibition State in the Union, and the desire for it is not to be denied. The night of impeachment has arrived, and the fact that the law is against the Negro is not to be denied.

EDUCATION FOR A GIRL. A Ten Weeks' Course in Cerebral and Nervous Diseases, Open Free to Girls by Leavitt Brothers, Publishers. The lectures will pay all the necessary regular expenses of a girl at Columbia College, New York, N. C., for the spring term of ten weeks. This is a scholarly offer of tuition, leaving the burden of cost to the girl and her family, other expenses, but we pay board and leave the care of tuition. The question as whether one can have time to take this Ten Weeks' course with advantage. We are assured that the world of progress is striving to accommodate such work. In the regular course of study, there is very little work covering the course in arithmetic, English, history, and geography, which the girl will need, and preparing for taking a full college course, as well as for teaching. But there is a regular normal course which can be taken. Then, there are the extras, any of which may be taken—business, stenography, typewriting, art, music, etc. This would be good for a course in arithmetic, English, his-
