This Newspaper is brought to you for free and open access by the The Chester Lantern at Digital Commons @ Winthrop University. It has been accepted for inclusion in The Chester Lantern 1907 by an authorized administrator of Digital Commons @ Winthrop University. For more information, please contact braham@winthrop.edu.
He has granted a kindergarten school. Buggies, wagons in our regiment, the 10th infantry, have been to the Dotted line. The band master is a well-instructed and a fine instructor, is simply grand, and the boys' building. Thirty-five persons, teachers to be found in this country. Most leave immediately. Nobody is expected. The board will hold a meeting to-morrow at Columbia, S.C., February 3rd.

Anti-News-Legislation contemplates that the newspaper legislation now in force as regards the press will be found wonderful. The press will be found won-

In the original story. The letter began: "Dear Will," and was signed, "Aunt Nevada." In the olden days, "Aunt Nevada." In the olden days.

Nearly 1,000 pounds of fresh green beans were received recently by the O. B. D. C. In Clevelan. Dr. King's Lung Cure, a medicine that has been successful in treating many cases of consumption, has been sold in all parts of the country. The manufacturer, Dr. King, has constructed a new plant at Fall River, Mass., where the medicine will be manufactured. The new plant is expected to be completed early next month.

The HASCALL PAINT CO.

There is real pleasure in chewing the best tobacco grown—the best tobacco grown—in the famous Pendleton County. Only the finest productions of this well-matured and thoroughly cured tobacco is used in making SCHRAPPES. That's why SCHRAPPES and others of the Reynolds' brand, as shown by the United States Government statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a good gain of one-third of the entire increased consumption of chewing and smoking tobacco in the United States.

Evidently, chewers cannot rest the flavor and they chew SCHRAPPES because SCHRAPPES is like a cup of fine Java coffee, seasoned just enough to bring out its natural, stimulating qualities. SCHRAPPES satisfies all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical; the middle class, because SCHRAPPES is a good solid plug, and the hard money men because SCHRAPPES has a true, lasting value.

For Twenty-one Years

Royster's Fertilizers

There have been many strong arguments for and against the use of tobacco as a fertilizer. Some say it is good for the soil, others say it is not. But one thing is certain, the tobacco plant is one of the best plants in the world for converting organic matter into usable plant food. It is said that tobacco is a good soil conditioner, improves the texture of the soil, and makes the land more suitable for growing other crops. It is also said that it helps to keep the soil free from diseases and pests.

For the man who chew tobacco, there is no substitute for SCHRAPPES. It is the best chewing tobacco known to man. SCHRAPPES is a perfect plug, and it will do all that tobacco can do for the chewing tobacco man.
