PANIC ON ELEVATED AS RAILS EMIT FIRE

WASHINGTON, D.C., Feb. 16.- The first and second cars of a train of Elevated cars, on the line between the Executive and the City Hall stations, were set on fire this afternoon, according to reports received by the police. The fire was discovered by the Elevated officers who were on the platform when the train arrived at the City Hall station. The fire started in the second car and spread to the first car. The Elevated officers were able to extinguish the fire before it spread to other cars.

The New and Greater CHANDLER SIX

$729 F. O. B. CLEVELAND

Hardin Motor Company, Chester, S. C.
HEADQUARTERS FOR AUTOMOBILES AND SUPPLIES
Chandler Motor Car Company, Cleveland, Ohio

It has always been speedy—speedy enough to go faster than 969 out of every thousand our owners were ever want to drive at.

It has always been flexible—slowing down to a small pace on high, and jumping instantly at the touch of the throttle.

It has always been economical in operation—averaging 15 miles to the gallon of gasoline in nearly 10,000 miles of travel.

For three years, it has had and to-day it has the looks of having passed all below of all engines naturally demand in a big car.

It is a known quantity.

And, more than ever in the past, automobile owners will find the security of dealing in known qualities.

And, more than ever, you will find people who are willing to buy on the basis of a good known product.

And, more than ever, you will find people who will be satisfied to have the assurance of knowing how a car works before they buy.

And, more than ever, people will buy to suit their own needs.

And, more than ever, people will buy to suit their own needs.

A woman of 1934.

With George W. Bush at his side, Mrs. Roosevelt warned the nation of impending insolvency, while the stock market crashed. The world was in the midst of the Great Depression.

Mr. Claude Westfall, of Clarksburg, W. Va., signed an application for the Municipal Bond, as required on June 23, 1934, and paid his first quarterly premium of $6.38 to the agent, taking in exchange the Company's life insurance. He made an application for examination the following day, but his wife, for whom the policy was taken, was so ill that the agent had difficulty in getting his signature on the application.
