A Penny Saved Is a Penny Gained

The wise housewife saves many a penny reading the newspapers. If there is a bargain advertised she'll not miss it. She certainly is looking for it.

It is up to the merchant. Keep the housewife posted. Let her know through the newspaper what you have to offer. Incidentally men today ransack the newspapers for bargains as assiduously as do women.

If you want to sell your wares advertise. Advertise in the best medium, the newspaper. Also if you want to buy successfully, read the advertisements.

GERMANY'S FAMOUS OLD FRIGATE
Van Winkle

When the United States declared war on April 18, 1861, two women were among the first to volunteer for service in the Navy. They were the captains of the CSS Virginia, later known as the Monitor, and the USS Minnesota.

On July 4, 1861, the CSS Virginia was captured by the Union forces at Hampton Roads. The USS Minnesota was also captured by the Confederates on the same day.

These two ships were among the first of their kind and played a significant role in the American Civil War. They were both armed with 11-inch guns and had a top speed of 10 knots.

The USS Minnesota was captured by the Confederates on July 4, 1861, and remained in service until the end of the war. It was later converted into a coal-fired steamer and renamed the USS New Hampshire.

The CSS Virginia was captured by the Union forces at Hampton Roads on June 30, 1861, and was later destroyed by the Confederates.

In this battle, the CSS Virginia was armed with 11-inch guns and had a top speed of 10 knots. It was commanded by Captain George E. Pickett, who was later killed in action.
