MONGOOSE IS A PEST
WEST INDIES SEEKING PLAN TO GET RID OF IT

The mongoose pest is becoming so troublesome in the West Indies that a
writer in the Financial Times corresponded to a
Government official.

"I am in the midst of the pest," he writes, "and the
Government has sent me for aid."

The Government official, who is the editor of
the West India Gazette, has long been a
writer on the subject of themongoose.

"I have been trying to get rid of the pests for
years," he writes, "but I cannot do it."

The mongoose is a small animal, about the size of
a ferret, with a long tail and sharp teeth.

It is a very rapid animal, and it is said to be able
to run over a mile in a minute.

It is also a very destructive animal, and it is said to
kill thousands of chickens and other birds.

The mongoose is said to be a pest in many parts of
the world, and it is said to be a pest in the West
Indies.

The mongoose is said to be a pest because it
killed so many chickens and other birds.

A Penny Saved Is a Penny Gained

The wise housewife saves many a penny reading the newspapers. If there is a bargain advertised she’ll not miss it. She certainly is looking for it.

It is up to the merchant. Keep the housewife posted. Let her know through the newspaper what you have to offer. Incidentally men today ransack the newspapers for bargains as assiduously as do women.

If you want to sell your wares advertise. Advertise in the best medium, the newspaper. Also if you want to buy successfully, read the advertisements.

SAVED HER LIFE

The unexpected enforcement of a Faustic and Trapeze in a recent visit from Mr. S. D. G. 1515 Margaret St., Pittsburg, Pa., will be of interest to all friends of atmosphere and interest and friends. Mrs. Warren says:

"The decision has given us up, nothing has left but to expect, to prepare, and to plan." We have received the best advice in the world and will follow it.

Faustic possesses properties that act directly on the industrial trauma, softening the congested waste and eliminating the morphine and salicylic acid from the system. These properties are supposed to be better than any other on the market.

For the convenience of the public, arrangements have been made to supply Faustic and Trapeze through representative drug stores. For the convenience of the public, arrangements have been made to supply Faustic and Trapeze through representative drug stores.

HUSBAND RESCUED, DESPAIRING WIFE

After Four Years of Disappearing

Conditions, Mrs. Rollins Gave Up in Despair. Husband Came to Recover.

Chester, S. C., May 8 — (Special to the News).— Mrs. A. J. Rollins of Chester, S. C., has been missing for four years. Her husband, Mr. Rollins, gave up all hopes of ever seeing her again until he received a letter from his wife.

The letter was written after a separation of four years, and states that Mrs. Rollins is still alive and well.

The letter also states that she is in good health, and that she will return home as soon as possible.

The news was received with great joy by Mr. Rollins and his family, who had been living in the meantime under very trying circumstances.

The letter also contains an appeal for help, which has been forwarded to the proper authorities.

The story of Mrs. Rollins’ disappearance has been the subject of much speculation and discussion, and her husband has been urged to take steps to locate her.

He has pledged to do his best to find his wife, and has expressed the hope that she will be found soon.

The case has been referred to the proper authorities, and every effort will be made to locate Mrs. Rollins and bring her home safely.

The public is asked to assist in this undertaking by any means at hand.

We also ask for the public’s sympathy and assistance in this matter.

We shall do our best to bring this long-suffering woman home alive and well.
