SPEECH OF MR. LEIGH.

In the House of Representatives, April 12, 1856.

Mr. Chairman, I wish to make a report of the occasion to make a more important motion that has been recently debated in the Senate, and that it has been the subject of a circular letter of the American Journal of Education, which has been addressed to the American people. I have seen a copy of it, and I am authorized to say that it contains the most important principles, and that it is designed to be so far as possible consistent with the views and principles of the American people.

The most important principle is the duty of the American people to support and advance the cause of education. The American people have been called upon to adopt this principle by the American Journal of Education, and they have been told that they are to support and advance the cause of education by the American Journal of Education.

I have seen a copy of an abstract of this principle, and I am authorized to say that it is designed to be so far as possible consistent with the views and principles of the American people.

VERMIFUGE
LIVER PILLS.

Dr. McLane's
FAMOUS
VERMIFUGE
LIVER PILLS.

They are not recommended as Universal Cure-alls, but simply for what their name purports.

The Vermifuge, for expelling Worms from the human system, has also been administered with the most satisfactory results to various animal subjects.

The Liver Pills, for the cure of Liver Cure, are simply an improvement in the properties of the Vermifuge, and Liver Pills. All others, in comparison with Dr. McLane's, are worthless.

The eminent McLane's Vermifuge and Liver Pills can now be had at respectable Drug Stores.

LIFE ON THE OCEAN WAVE.

(Part 1.)

The wave that was rising;

And a storm to come on.

The weather was tempestuous,

And the sea was roiling;

But my heart was not moved,

I was calm as a dove.

I was calm as a dove,

And I sang to the day.

Oh, my heart was not moved,

And I sang to the day.
