You Should Study Preparedness for Yourself Just the Same as This Store and This Government Prepare for Future Emergencies.

We have on hand a large stock which we are offering at especially low prices in order to make room for new stock.

Many articles listed here are cheaper than the present wholesale price. The same goods later will cost you .50 per cent more than our present price. This is a money-saving sale.

We have marked down prices at the bottom as we must have sales. We have already received several big shipments of Spring and Summer goods which we allow at remarkably low prices to dispose of this sale.

We have enumerated only a few of the many articles in this house to have sold out.

THEY ARE HERE

Our veteran buyer, Mr. John Frazer, arrived Wednesday with a car load of the very best Mules ever seen in this section of the country.

If you went to the market yourself and carried a buyer of years of experience to assist you in making a selection of Mules especially suited for your farm, you couldn’t be suited any better than we can suit you with this car of mules.

We have handled mules for a great number of years and know just the kind of mule this section needs and wants, and we have that kind. Big, heavy-built mules, averaging 1200 pounds, free from blemishes, well broke and ready for work. You must see them to appreciate their real worth.

If you think that you are well fixed for the coming season, call at our stables and look over the lot we now have. You will change your mind and see your need of real mules.

Better call early. Mules like these will not stay at our stables very long at the prices we will ask for them.

COTTON SEED

Several months ago, Mr. J. D. Ford, agent for the Pickford Seed Company, was surprised to learn from the Commissioner of Agriculture that the white cotton seed, which has been largely grown in Chester County, is in competition with the foreign cotton seed in the Southern markets.

The cotton seed is not only grown for the manufacture of cotton oil, but also for the manufacture of the much needed cottonseed meal. The cottonseed meal is used in the manufacture of a large variety of products, such as feed for animals, fertilizer, and a host of other uses.

COTTON SEED

POTATOES

In the fall of 1915, Mr. E. C. Jones, manager of the Pickford Seed Company, visited Chester County and made arrangements to purchase white cotton seed from the growers. The seed was harvested and shipped to the company's warehouse in Atlanta, Georgia.

Currently, the cotton seed is being processed and is expected to be ready for sale in the spring. The company is making every effort to ensure that the cotton seed is of the highest quality and is free of impurities.

COTTON SEED

If you are interested in purchasing cotton seed, please contact Mr. J. D. Ford at the Pickford Seed Company office in Atlanta. He will provide you with all the necessary information and assist you in your purchase.

CHANDLER SIX $1395

There Is No Other Six Like This For Anything Like This Price

This Chandler offers intrinsic value greater than other cars for which you are asked to pay much more. Greater value in materials, design, equipment, and, above all else, in the dependability and enduring service of its marvellous motor.

You may say it is easy to make such a claim for the Chandler. It is, and it is EASY TO PROVE SUCH A CLAIM FOR THE CHANDLER.

Year-old Chalybets command as high or higher price in the used car market than year-old cars of other makes selling, when new, for two or three hundred dollars more.

Could any further evidence be asked to prove Chandler leadership invincible? It wouldn't seem so, but let's make thorough inquiry.

What other make of car, at anything like the Chandler price, offers you a motor which has been developed, refined and perfected throughout four years of considerable manufacture and not subjected to radical changes or experimental devices? None.

What other make of car, at anything like the Chandler price, offers you such a proven mechanism as the whole Chandler chassis? None.

What other make of car, at anything like the Chandler price, offers you all those features characteristic of the highest priced, high-grade cars—Bosch high tension magneto, solid cast aluminum motor base, extending from frame to front; high silent clutches instead of noisy gears for moving the motor shafts; full floating and silent spiral bevel gear rear axle and light running, annular hub bearings in transmission, differential and rear wheels? None.

What other make of car at anything like the Chandler price offers you more beautiful and comfortable bodies than the Chandler? None.

Chandler policy has always kept the Chandler price low. Relatively it is lower today, when so many prices have been inflated, than ever before.

These are Facts, and to you they mean a Better Car for Less Money
