**MEMORIAL ADDRESS OF**

JOHN PAUL G. McCORKLE

Central Magazine, catalogued among Great Books of the Western World, in the Library of Congress, is a monument to the American soldier. The common cabbage worm, the German miner and the Spanish fly are what we shall call the 'Germans' of the future, and yet when we reach the year 1930, the world will have been rid of the 'Germans' of the past.

**ARMENIA**

The Armenians, for the past two years, have been building up a new nation. They have been doing this without the aid of any foreign power, and yet, in the face of all the odds, they have succeeded in establishing a new state.

**OTHER COUNTRIES HAVE BEEN ERRED**

Germany, England, France and Russia have all, at one time or another, been accused of interference in Armenian affairs. However, the facts speak for themselves. The Armenians have shown that they are capable of standing alone.

**LET OFF GERMAN MINER PAID WITH HIS LIFE**

Canadian journalist killed in Salonika. The body of the German miner who was arrested last week in Salonika, was found dead today. The miner had been involved in a strike and was suspected of being an agent of the Kaiser. His death has been ruled a suicide.

**BRITISH SHUTS OFF SHELL BUYING HERE**

Big Plane Has Been Prepared for England. The British government has announced that it will not purchase more shells from this country. This decision has been made because of the war in the Middle East.

**YORK COUNTY NEWS ITEMS**

Washington, March 2.—Navy department officials redoubled efforts to lay to oblong additional laborers and mechanics for naval construction and repair work at the New York and Boston navy yards. Launching of the super-dreadnought New Mexico building at the New York navy yard, will be seriously delayed, it was said, on account of labor shortage. Workers, blacksmiths and drillers, are told.

**Mike's All-Weather**

In the years ahead, when the war is over, we shall need something better than a gasoline engine to power our vehicles. According to Mike, the solution is simple. All-weather engines! Mike's All-Weather is a product of the future. It's a gas!

Beloved Pastor Dies of Wound

Rev. Stephen G. Cross, pastor of the Methodist Episcopal Church in Chester, was killed in a railroad accident Thursday night, March 25, 1917.

The accident occurred at the crossing of the Charleston and Greenville Railroad, south of Chester, near the home of the victim.

Rev. Cross had been in the church for several years and had made a good reputation for himself. He was well liked by all who knew him and was greatly beloved by his congregation.

The funeral was held at the church on Saturday, March 27, 1917, and was attended by a large crowd of mourners.

Rev. Cross left behind a widow and four children. The funeral services were conducted by the pastor of the church, Rev. J. H. Brown.

Feeling Tough, Jim

I had spells like that, too, larry, blue, no ‘pop’ and wife gave me Instant Postum instead of coffee.

Now I sleep better, smile often, and never behave. Never knew how much these words were worth before.
