The local church of Charlotte has decided to build a new church. The church says: "The new church will be a beautiful one that will be the pride of the city. It will be of Byzantine architecture, and will have a seating capacity of over 1,500. There will be a large auditorium, with galleries, and handsome woodwork and interior finishings. The church will occupy the entire space of the old structure which will be torn down. It is to be started by September 1st. The new church will be a very handsome and attractive building, and will be built after the most modern and approved plans of architect."
