FACTS ABOUT COUNTY BONDS

An Open Letter to Taxpayers of Chester County

To the Taxpayers of Chester County:

It is my duty to call to your attention the fact that a special meeting of the Town Council will be held on Monday, March 5th, 1917, at 8 o'clock in the evening, for the purpose of adopting a resolution authorizing the issuance of bonds in the amount of $50,000.00 for the purpose of improving the streets and sidewalks of the town.

The resolution will authorize the sale of bonds at a rate of 5% per annum, payable in 20 years, with interest payable semi-annually.

I urge upon all taxpayers to attend this meeting and give their approval to this resolution, as it will be in the best interests of the town.

Respectfully yours,

RADIO TO BERNSTORFF
ON EXPOSURE -OF PLOT

Germany Airlift Him to Tall How

London, March 5—A dispatch to the Exchange Telegraph Company from Amsterdam says:

"According to a Frankfort telegram received here, the German Government has sent a wireless dispatch to Count von Bernstorff, former German Ambassador to the United States, who is at sea returning to Germany, asking him to explain how the German note with regard to bringing Mexico and Japan into war with the United States was divulged. A special courier has been dispatched to meet Count von Bernstorff on his arrival and warn him against granting any newspaper interview until the situation is clarified."

The correspondent adds that the Socialist newspapers in Munich, Leipzig, and Magdeburg criticise the note to Mexico as the crowning diplomatic blunder of Germany.

Raleigh, N. C. March 6—A legislative investigating committee failed to develop who was responsible for the clause which placed in an amendment to North Carolina's Statewide primary law passed last week, repealed the primary law and was not discovered until the amendment was handled for final disposition in the office of the secretary of state, yesterday. Announcement of the discovery of the "joker" created one of the greatest sensations in legislative circles in recent years and the assembly last night repealed the measure and took steps to institute an investigation.

Th e investigation today indicated that an entirely new bill had been substituted for the amendment after the measure had passed both houses and was on its way for ratification. The "joker" was not in the bill when it went through committee and was acted on by the senate.

From An Invalid Unable To Sit Up

Letter from Mrs. A. L. Brown, President of the Church of God, Spartanburg, S. C., March 6, 1917.

To whom it may concern:—

Ever since the death of my husband February 20th I have had no means of support and I have been entirely dependent upon the benevolence of my neighbors for a livelihood and to support my two small children and two large invalids. I am 50 years old and was married at the age of 18. My husband's death caused me to lose the only means of support I have and my health is broken. During the last 20 years I have been entirely dependent upon the benevolence of the people of Spartanburg, — and I would be greatly relieved if I could find work and receive a little assistance to support my family. I am willing to work for the best wages I can get. I have always been industrious and capable and I think I could be of great assistance to you. I am a Christian and well educated and I have always been a consistent member of the Church of God.

Your truly,

Mrs. A. L. Brown
