To the Editor of the Semi-Weekly News:

In view of the fact that the State of Kansas is about to be made "Dry" I beg your attention to the following statement.

The Governor of Kansas prides himself on the fact that he has been able to prevent the prohibition of the liquor traffic in Kansas by the use of his influence and his power in the legislature. He has also succeeded in getting a law passed which forbids the sale of liquor in the State of Kansas, but the fact is that the law has not been enforced, and the Governor himself has admitted that it is impossible to enforce it.

The Governor also states that the law will be enforced in the future, but he does not mention how it will be done. In his speeches he has spoken of the necessity of the liquor interests in Kansas, and he has declared that they will do all in their power to prevent the prohibition of the liquor traffic in Kansas.

The Governor has also declared that the liquor interests in Kansas will do all in their power to make the prohibition of the liquor traffic in Kansas impossible. He has declared that they will do all in their power to prevent the prohibition of the liquor traffic in Kansas.

The Governor has also declared that the liquor interests in Kansas will do all in their power to make the prohibition of the liquor traffic in Kansas impossible. He has declared that they will do all in their power to prevent the prohibition of the liquor traffic in Kansas.

Respectfully submitted,

[Signature]

Governor of Kansas.
"I am in favor of local option. I am a thorough believer in local self-government, and believe that every self-governing community which constitutes a social unit should have the right to control the matter of the regulation or the withholding of licenses."—May 1, 1911, Woodrow Wilson, then Governor of New Jersey, in a signed statement to the Rev. Thomas Shannon, Secretary of the Anti-Saloon League of New Jersey.

"My so-called 'Shannon letter' precisely defines my position with regard to the liquor issue, not only as it was when I wrote the letter, and the letter to Mr. Grogan is, or was, at any rate, intended to be entirely consistent with it."—May 14, 1915. Written from the White House at Washington by Woodrow Wilson, President of the United States, in defining his unalterable conviction and unchanged position regarding his absolute belief in the democratic principles of self-government.

This is President Wilson's Firm and Unalterable Opinion Which He Has Held For Years. What Do You Think?

Is not Statewide prohibition unalterably opposed to every principle of democracy and good government? Does prohibition really prohibit? Does it not mean sacrificing large revenues for dispensary counties preferring this method, together with strict regulation and proper control?

SEEK BIG CREDIT FOR THE ENTENTE

Representatives of France are trying to make money for their country by selling French securities. The high French interest rate, which is about 20 per cent, is one of the reasons why France is pressing the sale of its securities. The French government is trying to raise funds by selling bonds, but the high rate of interest is making it difficult for France to sell its securities. France needs money to finance its war efforts, and it is hoping to raise funds by selling bonds.

THE NATIONAL EXCHANGE BANK

**AS MANNING VIEWS COTTON SITUATION**

**Governor Speaks at Conference of Cotton Growers and Cotton Ginners**

**Columbia, September 1—The most important question of the season, that of the outlook for the cotton crop, was discussed at the annual conference of cotton growers and ginnerors at this city. Governor Manning expressed his belief that the cotton crop would be successful and that the prices would be good. He also emphasized the importance of good farming practices and the need for timely and adequate irrigation. The governor's speech was well received and it was agreed that the cotton crop would be a good one.**

**NOT ON THE MARKET.**

A great many newspapers are not happy unless they have stories to please their readers and are willing to go to any lengths to get the better end. The Chester County Press has been guilty of this.

The council of this paper made up their minds to get a story that was not already in the field, and they were ready to put any amount of money to get it. The result was that they got a story that was already in the field and that had already been told several times.

The editorial members believe that it is better to be original than to copy. They are willing to put in the effort to get a story that is not already in the field, and they believe that it is better to be original than to copy. They are willing to put in the effort to get a story that is not already in the field, and they believe that it is better to be original than to copy.

LOCAL AND PERSONAL

Rev. Dr. D. Phillips, D. D., of Chester, has returned from a brief visit to Mr. F. R. Schur, church, bringing Therese, her daughter, to a visit, and passing through St. Stephen, Dr. Phillips has been a dear friend to the family, having been with them almost every visit.

When he returned to New York he was met by the aged parents of the hostess, who had been expecting him for several days. They all expressed great joy over his safe arrival and were full of stories of their past travels together.

Dr. J. W. Lowery, of Lowery's, was recently at the Medical College of South Carolina, left early this morning, and will return to his duties in the evening. The college was attended by a large number of students and physicians from various parts of the country, who were interested in the medical education being offered. The college was located in a picturesque setting near the downtown area, surrounded by trees and gardens.

The new series of the Hebrew University Association will be given by the Rev. Mr. H. M. McFadden, who is known for his excellent sermons and has a large following among the Jewish community.

The Store That Sells Woolex

Have you seen the new fall Woolex Style Book?

It is not only a gold mine of information on how to dress well and economically, but it shows in pictures twenty-five of the best suit and coat models for the fall season. And what more important to you than that you can see those twenty-five garments right here at The Store That Sells Woolex.

We invite you to come and see all our Woolex suits and coats as well as shown in the Style Book. They are leaders in quality of materials and tailoring.

New Back From Northern Markets

KLUTTZ DEPARTMENT STORE

Two buyers, Messrs. Sam W. Kluttz and Lex Kluttz, have returned from the northern markets where they bought a complete and right assortments of merchandise for Kluttz Department Store. They were interested in the large number of buyers at the market, and the number of manufacturers who exhibited the latest and best clothing for the coming fall season. They were interested in the latest trends and styles, and will bring only those garments that they believe will meet the needs of their customers.

If you have been looking for a fine selection of merchandise for Kluttz Department Store, you will find it here. They invite you to come and see all their new fall assortments.

STOMACH TROUBLE

FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But Our Helped Him to Recovery.

Passedron, N. C.--An interesting adven-
ture occurred here this week, Mr. J. A. Hughes wrote us as follows: "I was down with stomach trouble for 30 years, and would have died without aid, until I got a package from Mr. Thomas' Black-Draught, and since I began using it I have been remarkably relieved. It is composed of pure, vegetable herbs, and cures stomach troubles in about a month. I am so thankful for what Black-Draught has done for me."

The Black-Draught has been endorsed by a very reliable medicine for ailments of the stomach and liver. It is composed of pure, vegetable herbs, and is harmless to young and old.

The铃Black-Draught, and quit using other medicines. I decided to have a try, although I did not have any confidence in it.

I have now been using Black-Draught for three months, and I feel much better, and have not had any trouble since I began using it. It is an invention for what Black-Draught has done for me."
