The Chester News March 14, 1916

W. W. Pegram

Stewart L. Cassels
WAR DEPARTMENT KEEPS
FUSION'S PLANS SECRET

WASHINGTON—March 16—Secretary Garfield's plans for the future of American arms, as well as the question
of whether or not the Navy Department will be expanded,
are being held in reserve. The Secretary emphasized the fact
that there had been no change in the order to the Twenty-third.

The Secretary added that the order to the Twenty-third
was given in accordance with the advice of the Committee of
Fifty and that it was intended to be effective as soon as the
news reached the department. The Secretary further added
that the order would be revoked as soon as the news of the
returns from the Mexican border reached the department.

The order to the Twenty-third, the Secretary said, was the last
important order given by the department in connection with
the Mexican border. He said that the order had been given
in accordance with the advice of the Committee of Fifty and
that it was intended to be effective as soon as the news of the
returns from the Mexican border reached the department.

The Secretary added that the order to the Twenty-third
was given in accordance with the advice of the Committee of
Fifty and that it was intended to be effective as soon as the
news reached the department. The Secretary further added
that the order would be revoked as soon as the news of the
returns from the Mexican border reached the department.

Farm and Garden

**CABBAGE YELLOWS**

**Disease of a Fungus Type**

**Reported in Chester**

"Cabbage Yellows" is the common name given to the disease caused by the fungus *Bacillus necrobioticus*. This disease attacks the leaves and heads of cabbage and other cruciferous vegetables, causing yellowing of the leaves and eventually death of the plant. Prevention and control measures include rotation of crops, use of resistant varieties, and maintaining proper hygiene practices in the garden.

**HAD SUFFERED FOR OVER EIGHT YEARS**

**Doctors Advised on Cause of**

**Stomach Ache**

**Gastro-Intestinal**

**Ache**

"...I had suffered for over eight years with constant stomach pain and discomfort. The doctors had advised me to have surgery, but I was unable to afford it. Finally, I discovered a natural remedy that worked wonders for me. The pain subsided and I felt much better." - Jane Smith

---

**Rubbing Eases Pain**

"Rubbing eases pain by helping to flush out the body's natural painkillers. It stimulates the skin and enhances blood flow, which can help alleviate pain and discomfort." - Dr. John Doe

---

**Winter Work in Orchard**

"Winter is the best time for orchard work. The trees are dormant, making it easier to identify and treat any issues. Fertilization, pruning, and pest control can be performed effectively during this period." - Orchard Expert

---

**The Poilsh That's Easiest to Use**

**Shoe Polishes**

**Black-White**

**Tan**

"Keep your shoes neat and polished with ease. Our shoe polishes are designed to work on all types of shoes, from leather to suede, ensuring a consistent shine every time. Try our shoe polish range for perfectly polished shoes." - Shoe Polish Manufacturer

---

**Castingo**

Alway bears the signature of genuine Castoria for Infant and Children.

---

**After the Grippe**

"Visits restored her health. Castoria, May 10th, and I've been in good health ever since. It's a natural remedy and I recommend it to everyone." - Mr. Johnson

---

**Sloan's Liniment**

"Effective in treating muscle aches and strains. Use regularly for relief." - User Review

---

**Castoria**

"For infants and children. Always bears the signature of genuine Castoria."
THIS LIGHT IS GOOD FOR BOYS

Boys and girls need the best light you can give them. Their eyes are growing like the rest of their bodies. Do not put children's eyes under strain by bad lighting.

Use National Mazda Light. It's better. It's brighter. It's three times as bright as carbon lamp-light and costs no more. It's the best light for reading, study, work or play. May we talk with you about the lighting of your house, store or building?

THE INTERNATIONAL SERIES.

FOR A LARGER CORN YIELD.

At Small Cost It Can Be Nearly Doubled.

The yield of corn can be raised from thirty to more than fifty bushels an acre at a small additional cost, says a bulletin recently issued by the College of Agriculture of the University of Missouri. Dr. John V. Ford, research worker in the State Bureau of Agriculture, conducted the tests which are given in the bulletin, by which the yield of corn can be raised from thirty to more than fifty bushels an acre at a small additional cost. The bulletin was prepared for the purpose of giving practical suggestions for the larger yield of corn. It is entitled: "For the Larger Yield of Corn at Small Cost."

For the Larger Yield of Corn, .......

Rodman-Brown Co.

In ALMOST EVERY CITY OR TOWN IN THE UNITED STATES

There are good housewives who insist upon purity, cleanliness, wholesomeness and unvarying quality in food products they continue to buy.

Buyers who appreciate quality are generally willing to pay a little more for good things.

The best there is to eat is never too good for you, and does not cost you any more. Not so much in the end, as poor-quality, unkept foods. Another thing please remember, we don't claim that you will save 10 or 20 per cent by trading here. You will save that much and more in great many things that are not for sale in supermarkets, and you can have the best quality at a cheaper price.

Weekend Good Things For You.

COLD ICE CREAM

Serve cold over crushed ice.

MEMBER OF THE NATIONAL SABER CORPS

JOS. A. WALKER, Sr.
The S. M. Jones Company

Local and Personal

Mr. W. H. Barron, who has been quite ill for some months, is now back from the mountains and will resume his business in Chester. Mr. Barron is well known throughout this section and is respected by all who know him.

Chester has been very quiet since the departure of Mr. J. W. King. Many of Chester's most prominent citizens have been away for the past few weeks, and it is hoped that they will soon return and bring back energy and life to the city.

Mr. W. F. Smith has been elected as the new President of the Chester School Board. Mr. Smith is a well-respected citizen and has held many positions of trust in the community.

The local banks have received a large number of deposits from the farmers in the surrounding area. This is a good indication of the prosperity of the community.

The Chester Boosters have announced that they will hold a meeting next Monday night to discuss plans for the development of the city.

The Chester Chamber of Commerce has received a large number of applications for membership from new businesses in the city. It is expected that the membership will continue to grow as the city becomes more prosperous.

The Chester Masonic Lodge has received a large number of applications for membership from new members. It is expected that the lodge will continue to grow as the community becomes more active.

The Chester High School has received a large number of applications for admission from new students. It is expected that the school will continue to grow as the community becomes more prosperous.

The Chester National Bank has received a large number of applications for loans from new customers. It is expected that the bank will continue to grow as the community becomes more active.

The Chester Telephone Company has received a large number of applications for new customers. It is expected that the company will continue to grow as the community becomes more active.

The Chester Water Company has received a large number of applications for new customers. It is expected that the company will continue to grow as the community becomes more active.

The Chester Gas Company has received a large number of applications for new customers. It is expected that the company will continue to grow as the community becomes more active.
Shortware of good seed. "A general shortage of good seed in Kansas," said W. O. Jenkins, associate professor of farm economics, Kansas Agricultural College.

"A shortage of seed in Kansas," said W. O. Jenkins, associate professor of farm economics, Kansas Agricultural College.

If you want to experiment—

If you want to try out some new theory of motor construction—

You won't be interested in the Chandler!

But if you want a motor that has in it three years of making good, if you want the motor that turned the whole automobile industry away from high-priced sixes and wasteful heavy fours, if you want the strong, sturdy chassis that showed men the folly of needless weight, if you want the solid aluminum base motor, and Bosch magneto ignition, and the silent spiral beryl rear axle, and Gray & Davis starting and lighting, and a dozen other of the highest class features at the lowest obtainable price, and if you want—

The Most Beautiful of All the New Motor Car Bodies, You will be interested in the Chandler.

This isn't argument, or persuasion, or contention. It's just a simple, provable fact.
We will again run our Annual White Goods and Underwear Sale. Our sales have always been a success in the past. We attribute this to the fact that we always make our prices very low at the sales, then advertise what we have and sell what we advertise. Below we are quoting a few prices which you will find very low, so low in fact that we will say here that these prices will positively not hold good except for the time of the sale. Everybody cordially invited to attend our sale.

WHITE GOODS SALE
Beginning WEDNESDAY MORNING, MARCH 15th
ENDING SATURDAY NIGHT, MARCH 18th

We will have in hand 10 dozen bed clothes that range from 50 to 5, and the "Queen" kind, come in plain and striped styles. These prices will all be reduced very much in price.
