WAR REMINISCENCES.

As recorded by a veteran of the Battle of Manassas, in May, 1862, this account has been preserved for many years and is now published for the first time. It is a vivid and authentic account of the events leading up to the battle.

To the LANTERN.

April 25, 1862.

Dear Sir: In my letter of yesterday I wrote you about the engagement on the 17th of July last. The engagement was at Manassas, in the vicinity of Bull Run, between the Union and Confederate armies.

The Battle of Manassas, also known as the Second Battle of Bull Run, took place on August 30, 1862, near the town of Manassas, which is now part of Manassas National Battlefield Park. The battle was fought between the Union Army of the Potomac, commanded by Major General John Pope, and the Army of Northern Virginia, commanded by General Robert E. Lee. It was the second major engagement of the American Civil War.

The battle resulted in a Confederate victory, which boosted the morale of the Confederate Army and encouraged the South. The Union Army sustained heavy losses, and the battle marked the end of John Pope's command of the Army of the Potomac.

I have been telling you about the battle, but I hope to write more about it in the future.

Yours sincerely,

A. L.ache

I have no idea what would a lady have who was given a thousand dollars. I think she would have any amount of money she could get her hands on.

Sincerely yours,
