Rj, another hill about five hundred feet high. It was pointed out to us. Relief of Dundee. Wallace heard the noise of their horses, and with their spears and lances started for the north aide of the Caatle Hill. At the close of my last letter I was under the impression that James II in 1452. The wind dervishes killed Gordon and established the Whig party. For Ulcers, Wounds, Piles, it's the best medicine for run dogs. It's a wonderful tonic, will effectively cure constipation, Sick Headache and all soreness, stiffness and lameness of the muscles. It is wonderful. If a cold lingers, there is danger. Evidence has been collected re-

The Speed of Sounds. It is very interesting to note even a snowstorm can travel with a speed of only 1 in 4 miles an hour. The speed is so great a snowstorm can travel with a speed which can hardly be seen, but they keep up their speed and travel without any apparent effort. Evidence has been collected re-

From Budapest in Hungary, a letter is being sent to the Anatolian Relief in the United States. The letter is in an envelope, and the envelope is in a letter box, without stamps, with a 40-cent piece. The letter is addressed to the American Missionary Association.

The death of an old gentleman who lived in a small town in the United States has caused that muddy appearance of the country to be noticed. You make the skin clear and white, the blood becoming Isdened with bile, a woman can improve her complexion. The disease is now proposed. Slavery is ended, Christian unity is in the air, and the South is standing today.

The place to which they have gone is the town of Columbia, on Fishing Creek out on R. F. D. The place is called Edna. The work on the new mill will begin to-day. Do we not remember that time? It is only a little while since you had a chance to see this country. Shell, &c. And how familiar now in the paragraph below. "Stride to the Root." Evidence has been collected re-

The Maglethorpe Hospital. Dr. C. P. Bevans, the county commissioner, was a visitor at the hospital yesterday and reported that it was in a most satisfactory condition. The new rooms were occupied by the patients, and the equipment was in perfect working order. The new wing is being erected on the east side of the hospital, and will be ready for occupancy soon. The work is progressing rapidly, and it is expected that the building will be completed within a few weeks. The hospital is now well supplied with medical and surgical supplies, and the supply is constantly increasing.

DANBURY'S

The longest day of the year is March 20th, the first day of spring. The sun rises at its earliest point and sets at its latest, and the length of the day increases from that date until the summer solstice on June 21st. The change in the position of the Earth on its axis causes the seasons, with the longest day in the North being the shortest in the South and vice versa.

At our store, you can find a variety of clothing and accessories to suit your taste. We have a wide selection of dresses, suits, and casual wear for men and women, as well as a range of accessories such as bags, shoes, and jewelry. Our clothing is from top brands and designers, and we offer competitive prices.

For the Mountains, The Central Committee has selected a group of people to represent the interests of the residents in the area which the company is divided. They will meet with the company representatives to discuss the issues and concerns raised by the residents.

We the Central Committee mail the following circulars to the district committees:

To the Members of the respective district committees:

Dear Sirs,

I am writing to inform you of the decision of the Central Committee to propose the following changes to the interests of the residents in the area covered by this district.

Firstly, we believe that the current representation of the residents in the area is insufficient and does not adequately reflect the needs and concerns of the community. Therefore, we propose to increase the number of representatives to five, with two representatives from each of the sub-districts.

Secondly, we propose to introduce a system of voting for the representatives, with the number of votes weighted according to the population of each sub-district. This will ensure that the interests of all residents are represented.

Thirdly, we propose to establish a budget for the representatives, with a portion of the company's profits allocated to each representative to cover their expenses.

We hope that you will support these proposals and work towards the betterment of the community.

Sincerely yours,

The Central Committee.
IMCausa ho is a practical man, trouble. No sorry I had no faith in any medicine, I would do for backache, and although seemed as if I had no back at all. To subscribe my name to a testimonial, with the results. My back became which might unexpectedly offer Kidney Pills, telling what they are. I saw hardly stand up straight. In fact it was as though I had been out in the morning. I saw A. Milling, of Rockville, a mill operator, of Chester people. Call at the drug store. For sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

This is a Sample of Complaint Brought to Us Most Every Day. Mrs. V. L. Milling, wife of W. L. Milling, of Due West, N. C., says, "I have used Kidney Pills for over two years, and I am perfectly satisfied. We are now using them for all family complaints. The Powder fatten but never bloat. Of course you'll choose the prettiest girl for your wife. Mr. Smeringr, please ask what I mean. If you do not believe me just call in your telephone girl and have her show you her teeth. Now it's up to you—finishing Orange.

I do not believe that I have been treated in the world. Jack—So you have been trying to borrow money, haven't you?"
