RESURRECTION OF CHRIST.

The resurrection of Christ is a matter of great importance. The testimony of the Gospels is clear and unmistakable. The witnesses who bore this testimony were men of integrity and honesty, and the events which they described were of such a character as to make it impossible for even the most skeptical to doubt the truth of the statement.

For no event in the past is there a precedent for the resurrection of Christ. Our Savior was raised from the dead, not by the power of nature, nor by the influence of circumstances, but by the power of God. The evidence is conclusive, and the testimony of the Ancient Church is unanimous. The resurrection of Christ is a fact, and nothing can shake it.

The evidence of the resurrection of Christ is the foundation of the Christian faith. It is the cornerstone of the edifice of Christianity, and without it there would be no hope for the sinner, no comfort for the sorrowful, and no assurance for the righteous. The resurrection of Christ is a fact, and it is a fact that every Christian is bound to believe.
