There was a time when everybody said: "The farmer is a lucky man; his crops grow while he sleeps."

But the farmer today has no advantage over you. In the old fashioned days when closing time came all the lights were turned out, and as you turned the key in your door business stopped—your store was a dead one until daylight.

Now, with electric lighting in your windows and in the sign over your door, you can lock up and leave one of your best customers. Electric lights properly arranged in your windows will do this for you. Your windows will do this for you.

HUSBAND RESCUED

D ESPAIRING WIFE

After Four Years of Drumming Conditions, Mrs. Belluck Came to Rescue, Husbands Knows the Authenticity of Castor Oil

I had just made a terrible discovery. I had lost a ring that I thought was irreplaceable. I was heartbroken.

Then, by pure chance, I came across an old magazine article about Castor Oil. It mentioned how it could be used as a hair dressing and as a treatment for rheumatism.

I decided to try it. I poured a little Castor Oil into my hair and left it on for a week. To my surprise, my hair started to grow! I was elated.

Looking back, I realize that Castor Oil was not the only reason for my husband's return. We also had a long conversation about our relationship and how we could work together to make our family stronger. That's when I knew that Castor Oil really does have some benefits.
