This Newspaper is brought to you for free and open access by the The Chester Lantern at Digital Commons @ Winthrop University. It has been accepted for inclusion in The Chester Lantern 1907 by an authorized administrator of Digital Commons @ Winthrop University. For more information, please contact bramed@winthrop.edu.
Respect Your Stomach

Give it food that will not irritate or retard the performance of its natural functions, and it will reciprocate in a way agreeable and comforting.

No single ingredient contributes so largely toward wholesome, nourishing, agreeable food as Royal Baking Powder.

Royal Baking Powder’s active ingredients, Grape Cream of Tartar, is the most healthful of the white products.

This is why Royal Baking Powder makes the food finer, lighter, more appetizing and anti-dyspeptic, a friend to the stomach and good health.

Imitation Baking Powders Contain Ale

"The use of alum and salt of alum in food should be PROHIBITED. The constant use of alum-compounds exerts a deleterious effect upon the digestive organs and an irritation of the intestinal organs after absorption."

"EDWARD S. WOOD, M.D.
Professor of Chemistry
Washington College, Shenandoah County, Va."
