THE LANTERN.
PUBLISHED THRICE WEEKLY AND FRIDAYS.
A. P. HAMMOND, Proprietor.
Published at Charleston, S. C.
FRIDAY, APRIL 26, 1901.

To be entitled to vote in the state-wide election, you must register to-day or to-morrow. If you would register to-morrow, we evidently put the fruit of the scions.

The article on "The Exposition," which we read in the Charleston Register, this paper was from the Georgia Times. We have been buying both for a while. We evidently put the fruit of the scions.

We have received the April number of the Charleston Red Rover. This magazine is published in the Carolinas, and it contains many interesting articles and letters. It is a good publication and should be read by all who are interested in the history and development of the county. It contains many interesting articles and letters. At the rate college boys are playing baseball now, it is a mistake to believe that they have any time for business. All they are doing is to practice for the next game.

Gaston, N. C., has a warm municipal campaign, the capital of the state. It is a pity that they can not all get together and make the campaign a success. The city is doing well, and it is a pity that the campaign is not being conducted in a more business-like manner.

The campaign in Charleston is being conducted in a most peculiar manner. The candidates are going around and asking for votes, but they are not doing it in a business-like manner. It is a pity that the campaign is not being conducted in a more business-like manner.

The Exposition, a magazine of a high order, has published a number of interesting articles. It is a good publication and should be read by all who are interested in the history and development of the county.

About twenty times an hour
all the blood in your body passes through and is filtered by your kidneys. This means that if the kidneys are not strong and healthy they do not extract all the poisonous matter from the blood and the result is sickness and misery. So keep your organs active once more brought back to healthy activity.

These symptoms will tell you
when your kidneys need attention and assistance:

1. If you have Backache.
2. Headache.
3. Nervousness. Pains across the loin, or in the Bladder region.
4. Chills, Gravely, or any unusual color or Scalding Urine. They mean Kidney Trouble, and you can't get a better remedy than

Vaughn's
Lithophractor

This is purely vegetable preparation and will effectually cure Dropsy and Gravel. It acts directly on the Liver and Kidneys, restoring them to a normal healthy condition.

Two Neighbors cured of DIPSY:
