'profit', in dollars and cents could not have been realized.

A special 'election for a $100,000.00 capital stock has been called.

The spirit of getting together manifested itself to some extent in the weather marred to some extent in the use of the air grounds and wetness of the Chester County Fair Association for several days.

For the County Fair, the details of which were requested of the city council to call a special hearing in conjunction with the Street Improvement Committee of the Chamber, a proposition was made to the city council to reduce the speed of vehicles to five knots per hour. After several months of study of the plans and daily programs, arrangements were made with the Chamber of Commerce.

The campaign proper was begun in a more effective manner than the previous campaign. The people of the county have been brought together in a more effective manner than before.

The number of voters was increased to 18,296 pieces of matter in the campaign has all been distributed through the rail to the voters. In addition to this, three letters were sent to every voter in the county.

The fair was organized on the first day of the fair, and after the close of the county fair, and after the city council deeded the fair to the city as a perpetual gift.

'Permanent fair grounds' has been secured by the Chamber. The presentation of the date to the county has been approved by the public, spirited citizens of the county.

Facts Count

WHY do we know they count, for this Spring we have been telling the public just fundamental facts about the Chandler and how it checks with high-priced cars in so many essential features of design and construction. And these facts made the Chandler March business the biggest in the whole history of this big business.

Do you know how great this demand for Chandlers is? So great that in four years the Chandler has attained a position never even approached by any other medium priced car in such a period! So great that this year it seems certain that more people will purchase Chandler cars than will purchase any other six selling for more than twelve hundred dollars.

Don't be Blinded by Noisy Claims

Chandler facts prove Chandler superiority, and the service of Chandler cars in the hands of thousands of owners is added proof. The Chandler offers you

- The exclusive Chandler motor—powerful and reliable—developed and refined to a point approximating perfection through four years of conscientious manufacturing effort.
- Solid cast aluminum crank case extending from frame to frame.
- Prime Lubrication and high-tension magneto ignition.
- Silent chain drive for motor shafts.
- Durable, lightweight annular ball bearings in transmission, crankshaft, and rear wheels.
- Silent spiral-bevel gear, full floating rear axle.
- And scores of other distinctly high grade features of design, construction and equipment.
