ANNUAL REPORT

LOCAL CHAMBER

OF COMMERCE

To The President, Board of Directors and Members of the Chamber of Commerce:

In submitting the following report of the activities of the Chamber of Commerce for the past year, I desire to acknowledge the assistance I have received from the board of directors and from all the members of the chamber.

During this past year, the Chamber of Commerce has been engaged in a number of important undertakings. These have been directed towards the improvement and development of business interests in our community. Among these important undertakings have been the promotion of the fair, the establishment of a new industrial park, and the negotiation of a new water supply for the city.

The fair, which was held in August, was a great success. It attracted a large number of visitors, and the Chamber of Commerce was able to make a profit from its operations. The new industrial park is under construction, and it is expected to attract a considerable amount of new business to our community. The negotiation of a new water supply has been completed, and the city is now in the process of improving its water works.

The Chamber of Commerce has also been active in the promotion of public welfare. It has conducted a number of public meetings, and it has been successful in drawing attention to the importance of public health and safety.

I wish to express my gratitude to all the members of the Chamber of Commerce for their cooperation and support during the past year. I am confident that the Chamber of Commerce will continue to be an important force in the development of our community.

Very truly yours,

Chairman of the Chamber of Commerce

ANNIVERSARY OF THE CHAMBER OF COMMERCE

On the anniversary of the Chamber of Commerce, which is observed on the 15th of August, the board of directors and the members of the chamber will be holding a special meeting. This meeting will be devoted to the review of the year's activities and to the discussion of future plans.

The following is a brief summary of the most important events of the year:

The Chamber of Commerce, which was established in 1890, celebrated its 75th anniversary last year. The board of directors and the members of the chamber made a renewed effort to promote the interests of business in the community. This effort included the promotion of the fair, the establishment of a new industrial park, and the negotiation of a new water supply for the city.

The fair, which was held in August, was a great success. It attracted a large number of visitors, and the Chamber of Commerce was able to make a profit from its operations. The new industrial park is under construction, and it is expected to attract a considerable amount of new business to our community. The negotiation of a new water supply has been completed, and the city is now in the process of improving its water works.

The Chamber of Commerce has also been active in the promotion of public welfare. It has conducted a number of public meetings, and it has been successful in drawing attention to the importance of public health and safety.

I wish to express my gratitude to all the members of the Chamber of Commerce for their cooperation and support during the past year. I am confident that the Chamber of Commerce will continue to be an important force in the development of our community.

Very truly yours,

Chairman of the Chamber of Commerce

The Public's Answer

"Is my product right?" asks the manufacturer;

"the most efficient, enduring construction?"

"stands of the best materials?"

"by the best skilled workmen?"

And the public gives the answer—through sales.

The motorizing public has given the answer to United States Tires—through sales.

sales increases—which are big—continuously big—and growing bigger;

—big, in fact, that they are growing even faster than the amazing growth of the automobile industry.

That's the motorizing public's answer—

—that United States Tires—all five types—give supreme service.

**Chandler Six**

**Facts**

WE know they count, for this Spring we have been telling the public just fundamental facts about the Chandler and how it checks with high-priced cars in so many essential features of design and construction. And these facts made the Chandler March business the biggest in the whole history of this big business.

Do you know how great this demand for Chandlers is? So great that in four years the Chandler has attained a position never even approached by any other medium priced car in such a period! So great that this year it seems certain that more people will purchase Chandler cars than will purchase any other Six selling for more than twelve hundred dollars.

**Don't be Blinded by Noisy Claims**

Chandler facts prove Chandler superiority, and the service of Chandler cars in the hands of thousands of owners is added proof. The Chandler offers you

1. The exclusive Chandler motor—powerful and reliable—developed and refined to a point approximating perfection through four years of conscientious manufacturing effort.
2. Solid cast aluminum crank case extending from frame to frame.
3. Bosch high tension magneto ignition.
4. Silent drive for motor shafts.
5. Durable, light-running annular ball bearings in transmission.
7. Speed and quality of every part of the Chandler make it unique in the car market.
