WASHINGTON LETTER.

A New Iron Rule. We learn by the despatches of our foreign correspondent at Berlin that the Kaiser has issued a decree to the effect that Germany is to be neutral in all foreign wars. This is a new departure from the policy of neutrality which has hitherto characterized the country, and it is likely to be a source of much inconvenience to the neutrals. The Kaiser has also declared that he will not permit any German citizens to take part in foreign wars, and that he will not recognize any foreign flags in the German waters. This is a further indication of the Kaiser's intention to keep Germany out of foreign wars.

The President's Message. The President's message to Congress has been received by the Senate. It is a short and businesslike message, and it contains nothing of a partisan nature. The President has called the attention of Congress to the importance of the mails, and he has asked for increased appropriations for the post office department. He has also called attention to the need of improvements in the interior revenue system, and he has asked for increased appropriations for the Treasury.

In Memoriam. Mr. T. H. D., of Greenfield, Mass., who died recently, was a man of great ability and high character. He was a prominent citizen, and he was a member of the state senate. He was a man of great energy and determination, and he was always ready to do his duty. He was a man of great kindness and sympathy, and he was always ready to help others. He was a man of great courage and integrity, and he was always ready to stand up for what was right. He was a man of great scholarly attainments, and he was always ready to promote the welfare of his country.

The Great Sensation. A great sensation has been created in this city by the sudden appearance of a new and wonderful invention. It is a machine that can produce any kind of cotton, and it can do it much faster and more cheaply than any machine yet invented. It is a great improvement over the old cotton gin, and it is likely to revolutionize the cotton industry. It is a great improvement over the old cotton gin, and it is likely to revolutionize the cotton industry.

How Many Acre? We hear that Mr. J. W. Bigham, of Little Rock, Ark., has just purchased a large tract of land, and he is going to plant it with cotton. He says that he expects to get a yield of 50 bushels of cotton per acre, and that he will make a profit of $200 per acre.

The Cause of the Blues. The blues are a very common sickness, and they are caused by many different things. They are often caused by the lack of sleep, and they are often caused by the lack of exercise. They are often caused by the lack of sunshine, and they are often caused by the lack of fresh air. They are often caused by the lack of rest, and they are often caused by the lack of food. They are often caused by the lack of sleep, and they are often caused by the lack of exercise. Special to The State.

By his spirit we have been taught that he enjoyed the best of health, and that he was never found wanting in kindness and charity. He was a man of great ability and high character, and he was always ready to do his duty. He was a man of great kindness and sympathy, and he was always ready to help others. He was a man of great courage and integrity, and he was always ready to stand up for what was right. He was a man of great scholarly attainments, and he was always ready to promote the welfare of his country.

All the States. All the States have been invited to send delegates to the national convention, and they are all expected to accept the invitation. It is expected that the convention will be held in the month of July, and it is expected that it will be a great success.
We have lost a good friend, Mr. J. C. Edwards, who died in Los Angeles on the 4th of this month. His death was sudden and unexpected, and it is said to have been caused by a heart attack. Mr. Edwards was a well-known and respected citizen of this city, and his loss will be deeply felt by all who knew him.

Mr. Edwards was born in Chester, S. C., in 1840, and came to Los Angeles in 1865. He was a native of the South, and had been a resident of Los Angeles for many years. He was a member of the Los Angeles City Council, and had served as a member of the Board of Education.

Mr. Edwards was a man of many talents, and was well versed in the business of real estate. He was a prominent figure in the community, and his influence was respected by all.

We extend our sympathies to the family of Mr. Edwards, and to all who knew him.

The funeral services will be held at the residence of Mr. Edwards on Saturday, April 17, at 2 p.m. The body will then be taken to Los Angeles for burial.

We feel privileged to have known Mr. Edwards, and we regret his sudden departure. We offer our deepest sympathy to his family and friends.
