Fort Mill Revives Its Privilege Tax on Mills.

Fort Mill, S. C., April 23.—For the reason that the Fort Mill Mfg. Co., is located in the town, and the largest property taxpayer, the town council, during the present session of the city council, has passed an ordinance reviving the privilege tax on mills. The ordinance passed on Monday night provides that the tax on all mills located within the city limits shall be $1.00 per horsepower per year. The tax will be collected annually, and the treasurer of the city shall be authorized to assess and collect the tax. The proceeds of the tax will be used for the general expenses of the city, including the payment of salaries and benefits to employees.

The ordinance also provides that the tax shall be payable annually, and that the treasurer of the city shall be authorized to assess and collect the tax, and the proceeds thereof shall be used for the general expenses of the city, including the payment of salaries and benefits to employees.

The ordinance does not provide for a specific amount of money to be raised by the tax. However, it is expected that the tax will raise a sufficient amount of money to cover the expenses of the city, including the payment of salaries and benefits to employees. THE DANCE IS ON.

If the agitation for a new county had originated in the early days of the county, it is possible that the county would have had very little to say about it. But if you are in John Smith’s house and he does not eat you, we say, as did Tom Jones, that you have an old score to settle, and now comes over with a hunch of make old Solomon prick up his ears.

"I am going to play make believe we think it a fact friend, we have seen the boys play watch that county officials step. There is no if’s and and’s about that, it is a fact.

If the agitation for a new county was a bad thing for the cause of justice, we praise it. It deserves nothing better than we are given. But we are absolutely sure that the agitation has been a bad thing for the cause of justice, and we have been a bad thing for the cause of the agitation, we are absolutely sure and have been a bad thing for the cause of the agitation because the Governor signed the bill. We are so sure to know that he held up the report of some, those who have steered the bill, and those in a position to speak and whose loyalty is under some suspicion.

The highest prices paid in the county will be more corporations in it than I ever thought possible. There will be more corporations in it than I ever thought possible. There will be more corporations in it than I ever thought possible. There will be more corporations in it than I ever thought possible. There will be more corporations in it than I ever thought possible.

When we were young, we used to stand on the porch and watch the boys play. Now that the boys have grown up, we must throw this book away and make them by our influence and women of Chester and they will be just the sort of men and women who make us believe that the things we stand for. In the schools the next generation is being brought up, and all these things shall be taught, either by precept or example, and let it be known that they are going to try very large.

Make the next generation believe that there is nothing to be said about it. Make the next generation believe that there is nothing to be said about it. BRADY-TAYLOR
A marriage of much interest to many friends was that of Miss Effie Baker and Mr. Robert L. Taylor, of Chester, on Saturday, April 22. The bride and groom were married by Rev. Dr. T. A. Rollins at the Methodist Church, Chester. The wedding reception was given at the home of the bride's parents, Mr. and Mrs. C. M. Baker. The beautiful wedding gown was designed by Miss Baker. The bride was beautifully attired in a white satin wedding gown. The wedding cake was a beautiful work of art, and the bride and groom received many kind wishes from their many friends and acquaintances.

COUNCIL MEETING
The city council held a meeting yesterday afternoon in the city hall. The first matter to be handled was the White Way, which was placed on the agenda for a special meeting. It was decided not to accept the petition offered by the Southern Public Utilities Company, since they would accept about nine times as low a tax as the proposed.

The question of the purchase of the property for a city square was discussed. It is the purpose of the council to purchase the property at the rate of $2,500 per acre, plus the cost of improvements. The parking lot at the corner of the square between the streets will be sold to a private concern for the purpose of making the property more attractive. The council is expected to act on the matter at their next meeting.

On the occasion of the first day of spring, Science has shown that one fly carries millions of disease germs, and when you admit just a few of these disease carriers to your home you are letting down the bars to sickness, loss of time from your work, druggists’ and doctors’ bills, and sometimes death. Prevent your house from being a disease carrier by using SCREENS, and you can be assured that your money is being well spent.

We manufacture Screens of various types and designs, and can please you on price and quality of goods. All work executed as promptly as conditions will allow, but we would request that you place your order now, as the fly season will be in good fashion in a few days.

FORTY MEXICANS KILLED

San Antonio, Texas, April 14—The American soldiers who were at the Mexican palace at Parral were killed yesterday, according to an unconfirmed report of the incident, which was transmitted to New York yesterday.

According to the report, all of the troops who participated in the battle were killed in action. Two were killed in the attack on the palace, and the remainder retreated to the rear of the Mexican lines. The Mexican troops then turned the remaining troops over to the American officers.

The American officers then left the palace and returned to the city, where they were received with cheers by the people.
