President's Last Word to Germany

President Wilson's long expected final warning

Germany that the United States will not continue the negotiations for a peace treaty because she refused to accept his terms

The President did not make any reference to the case of the Sussex nor to his decision of the 2nd day of April.

The President's message to Congress, read in the House of Representatives on April 23, 1916.

The President declared that the United States will not continue the negotiations for a peace treaty because she refused to accept his terms.

The President said:

"I have been advised by my fist-class parts of the "war ship" fleet of the United States that the negotiations for a peace treaty have been broken off because the United States will not continue them because she has refused to accept the terms offered by the United States.

"The United States will not continue the negotiations for a peace treaty because the requirements offered by the United States are not fulfilled by the Government of the United States."
Excerpt from a letter describing the discovery of gold by Hernando de Soto in America:

"...The followers of De Soto turned their backs beneath its surface. His was the only spirit among them who submitted without murmur to the vicissitudes of life..."

"The inquiring Indians were told by the leader of the expedition to call the place 'Eldorado,' and in the spring he departed from Spain, having ordered a boat to build on the broad bosom of night his body was exhumed at an early date. Some definite information is to be $500,000 and the details are to be confirmed. A fly washes its larder; it means that it is just shaking walls and ceiling..."

"The biggest business enterprises in this country were built upon advertising. Good boys and old, for sale everywhere. Price 25 cents."
We have made special arrangements with The Progressive Farmer, the leading farm paper of the South, whereby we can offer the Semi-Weekly News and the above-mentioned paper for one year at $1.50.

Don't Delay
Delay Means Loss

THE PROGRESSIVE FARMER
Will carry every week for the next six months notable articles by Prof. W. F. Massey, the "Grand Old Man of Southern Agriculture," on "$500 More a Year for the Southern Farmer: How to Get It"

Here are some of the subjects Prof. Massey will discuss, each article telling how do that job:

1. We Must Inquire Why We Make Less Than the Northern or Western Farmer.
2. We Must Make Our Own Lands Richer.
3. We Must Diversify So as to Make the South Feed Itself.
4. We Must Use More Horse Power and Machinery.
5. We Must Learn Fertilizer Values and Buy Fertilizers More Wisely.
6. We Must Learn Better Methods of Growing.
7. We Must Improve Our Methods of Cultivating Soil.
8. We Must Keep Learning as Long as We Live.
9. We Must Rent More Land for Horses.
10. We Must Grow Winter Cover Plants.

Prof. Massey's page is only one of fifty features that have made The Progressive Farmer famous as "The Farm Paper with the Punch." It suits every member of the family—not only giving the farmer himself the best help, but also providing the best farm woman's page in America and a superb Young People's page.

Order The Progressive Farmer now and make your start toward "$500 More a Year." (The importance of raising more livestock will be discussed in a later series of articles by Dr. Tait Butler.)

The Yankee farmer makes $500 more a year than we do. We are as smart as he is and must learn to make this extra $500, too.

The Semi-Weekly News is issued twice a week, the regular subscription rate is $1.50. We offer both for one year at $1.50.

This offer is good for renewals as well as new subscribers.

156 papers a year for $1.50. Every one should take the home paper to get the home news. The South is an agricultural country and everyone should get a farming paper.

This is a clubbing offer seldom made. Do not fail to take advantage of it. Remember you get both papers one year for $1.50.

It's a bargain you can't resist. This offer will only last for a limited time. Do it now. Send in $1.50 and get THE PROGRESSIVE FARMER and THE SEMI-WEEKLY NEWS, both for one year for $1.50. We make this offer to old subscribers as well as new ones.

**The New County Pass.**

It is simply wonderful the promises some people will make. We understand some of the promoters of Catawba county have stated that an electric line would be built from our county to the county on the other side and free passes would be issued to all. We know nothing about this free-pass business. It's a good way to get a free pass to the Federal prison.

A railroad or an electric line does not necessarily have to run from one state to another state to be termed interstate. If it even handles new citizens in "limbo" the first shot illegal use of a pass holds you equally responsible in the Interstate Commerce Commission.

**Teach Your Dollars More Cents.**

How you can teach your dollars to do the work for you. If you put your money in the right place and the right hands, it will multiply. The best way to multiply your money is to save it. The next best is to invest it in stocks and bonds. The third best is to put it in a bank and let it earn interest. The fourth best is to put it into a business and let it earn a profit.

**Easter Specials.**

Teach your dollars more cents. Compare our goods and prices and we'll not worry about who will make the sale.

Public Demand for Better Productions by Metro Pictures

The rapid growth of the business of producing pictures and the forward-looking methods of doing so that make possible the better supplies of productions they have been able to do this up to the present, as reported in the New York Times a week ago. A notable instance of the Metropolitan Pictures Corporation is that they have risen to suceed the old companies and to produce pictures of the kind that are bringing a better form of entertainment. The Metropolitan Pictures Corporation whose star list includes such notable players as Francis X. Bushman, Mme. Ethel Barrymore, Beverly Bayne, Mrs. Howard Lockwood, May Allison, Mary Miles Minter, Edmund Gwenn, Mr. and Mrs. Sidney Drew, Hamilton Reveille, Mabel Talbot, Barney J. Sajen, Miss Marie Snow, Emily Stevens, Viola Dana, Mary Mile Minter, Eddison Brown, Hamilton Reveille, Mabel Talbot, and other distinguished artists. President Richard A. Raymond, the leader of the Metropolitan Pictures Corporation, anticipated that the demand for, better productions and as a result Metropolitan Pictures Corporation would achieve the highest degree of popularity among the better classes of motion picture patrons. In Metropolitan Pictures Corporation’s policy never to send out a picture that does not pass four tests. These requirements are good, powerful, entertaining stories, fine acting, direction, fine photography.

In use for over 30 years

The day should soon come when the Southern Public Utilities Company, the Boll Weevil, and the American Empire, or the farmer, as you shall turn for the night. Business that was done before the key in your door business turned out, and as you turned the key in your door business stopped—your store was a dead one until daylight.

The farmer today has no advantage over you. In the old-fashioned days when closing the store at night the old-fashioned days when closing the store at night the farmer had the window store turned out, and as you turned the key in your door business stopped—your store was a dead one until daylight.

In these days of competition, every wide-awake merchant is looking for any way that will increase his business at the least cost.
