CREAMERY TO BE ESTABLISHED THIS FALL

CHESTER, S. C. FRIDAY

The Executive committee has decided that those who are entertaining guests at their homes will see that they are taken to the homes for meals immediately after the exercise in the Opera House.

The Reunion Ball will be held the last night, Wednesday, in the old pavilion on Walfurt street. The ball committee is getting the floor in shape after which it will be turned over to the official decorator for decorating.

Schumaker's band of Columbia has been engaged to furnish music for all the occasions of the Reunion.

Chester Chapter U. D. C. will hold a reception Wednesday afternoon from 4 to 5:30 p.m. at the Commercial Club.

The Red Cross Committee, Dr. W. Pryor, Chairman, has completed arrangements for taking care of any visitor who might become ill or injured during their stay in Chester. Gov. R. I. Manning and staff will be the guests of the city during the Reunion.

A registration system has been completed whereby any citizen of the City or any visitor can locate any of the delegates to the Reunion. The registration file will be kept at the office of the Chamber of Commerce. Any person who has not yet notified the Home and Entertainment Committee of the number of delegates the will visit during the Reunion will confer a favor upon the committee by notifying them at once. This will also eliminate all confusion in last minute assignments by the committee.

Handsome souvenir programs will be issued containing a tip on photograph of General Robert E. Lee.

Invitations for the Reunion Ball can be secured at the office of Dr. W. L. Hudson by any who wish to send them to out-of-town friends.

PUBLIC HOUSER ARE DISAPPEARING

London, April 17—Government restrictions on the hours of trade are likely to result in the disappearance of hundreds of village inns and wayside public houses this summer. These houses have always relied mainly for support on the casual passerby, especially agricultural workers who used to rum up their teams, water the horses, and give themselves a rest and a drink at the comfortable bar of the roadside inn.

But now the restriction of hours of sale made it impossible for the passerby to obtain anything stronger than ginger ale except at tench-time, and the agricultural laborers are learning to pass the inns which have been used for generations.

An information bureau, telephone 381, and general headquarters will be established at the rooms of the Chamber of Commerce, where any information can be procured by visitors to the city.

Some of the most picturesque wayside inns in England now take in only a few shillings weekly, and very few of them make enough to afford living to the landlords which have been forced to become farmers or to move elsewhere.

Although it is of course desirable to increase the farm crops, and especially the spring wheat crop, it may be that the best chance to increase the food supply is by the intensive cultivation of garden tracts in and around the towns.

'Votes for Suffrage

Providence, A. I., April 17—The Rhode Island house of representatives tonight used the act extending presidential suffrage to women. NEED MADAM'S HELP

Washington, April 17—The action of the Senate last week in approving the joint resolution to extend presidential suffrage to women gave many opportunities to women to take an active part in the affairs of the nation.

One of the most important opportunities which has been released by the recent decision is the matter of finding a place for women in the government service.

The act provides that the government may appoint women as clerks, typists, and other positions in the government service, and the principle of the act is that women shall have an equal opportunity with men to fill positions in the government service.

This opportunity is not likely to be lost, for the government has already given many indications of the willingness to give women a place in the government service.

Experience Is the Test of Tires

Every tire claims to be the lowest-cost-per-mile tire.
If you know the experience of any considerable number of other tire users —
that would help you decide which tire makes good on the average.
We don't know about other makes of tires, but we do know—
that motorists who have used United States Tires continue to use them—
that more and more motorists who used other makes of tires are turning to United States Tires.
These two facts are proved by the amazing sales increases of United States Tires—
sales increases that are vastly greater than even the greater natural increase in the number of automobiles—
hims this year over last—
which shows where tire service is.

United States Tires Are Good Tires

"Quality First"
It is not power on paper. It is power on the hill and mountain-sides; it is power in the mud and sand.

Four years of skilful and conscientious manufacturing effort have developed and refined the Chandler motor to a point approximating perfection. Chandler owners long ago named it The Marvelous Motor, and now, more than ever before, it is the wonder, a powerful, flexible and enduring. The high gear and without apparent labor it pulls the hard steep grades and winding hill roads where other motors shift to second.

In crowded traffic it responds to every demand.

On open roads it answers every call for speed.

The Chandler motor is a fact-motor. What any Chandler will do every Chandler can do.

The Chandler Company has never built a special demonstration car.

The Chandler Company has never furnished to any Chandler dealer a special, gear ratio.

Every Chandler is a demonstrator.

Chandler motor features include:

- Solid Cast Aluminum Crank Case
- Extending From Frame to Frame
- Silent Chain Drive for Motor Shafts
- Bosch High Tension Magnet Ignition
- No Inflation In Chandler Price

If we asked one hundred or two hundred dollars more, the Chandler would still be under-priced.

Where many makers have added as much as three hundred dollars to their selling price within the year just past, the Chandler price is only one hundred dollars higher than the sensational low price established more than two years ago.

There is no inflation in the Chandler price.

If you want to pay a hundred or two hundred dollars more just because we thought we could get it, that would not make the car better.
