**Every Day in Every Business Needs Advertising.**

Some need it more than others. It is necessary to say that a certain article sells itself.
We have made special arrangements with the Progressive Farmer, the leading farm paper of the South, whereby we can offer the semi-weekly news and the above-mentioned paper for one year at $1.50.

$2.50 for $1.50

We have made special arrangements with The Progressive Farmer, the leading farm paper of the South, whereby we can offer the semi-weekly news and the above-mentioned paper for one year at $1.50.

The Yankee farmer makes $500 more a year than we do. We are as smart as he is and must learn to make this extra $500, too.

The Progressive Farmer

Will carry every week for the next six months notable articles by Prof. W. F. Massey, the Grand Old Man of Southern Agriculture, on "$500 More a Year for the Southern Farmer: How to Get It."

Here are some of the subjects Prof. Massey will discuss, each article telling how do that job:

1. We must inquire why we make
   than the Northern or Western Farmer.
2. We must make our own lands richer.
3. We must diversify so as to make
   the South feed itself.
4. We must use more horse power and
   machinery.
5. We must learn about fertilizer values and
   buy fertilizers more wisely.
6. We must improve our methods of cultivation.
7. We must make larger corn yields.
8. We must make cheaper pork and more.
9. We must learn better methods of
   laying-by crops.
10. We must keep learning as long as
    we live.
11. We must raise abundant winter
    foods—potatoes, fruit, peas, beans, turnips,
    etc.
12. We must make our own hay and
    sell some to sell.
13. We must put the stubble lands to work.
14. We must learn better methods of
    laying-by crops.
15. We must keep learning as long as
    we live. The importance of raising more
    livestock will be discussed in a later series
    of articles by Dr. Tait Butler.

And Prof. Massey's page is only one of fifty features that have made The Progressive Farmer famous as "The Farm Paper with the Punch."

It suits every member of the family—not only giving the farmer himself the best help, but also providing the best farm women's page in America and a superb Young People's page.

Prefer The Progressive Farmer now and make your start toward "$500 More a Year" (The Importance of raising more livestock will be discussed in a later series of articles by Dr. Tait Butler.)

Don't delay. Delay means loss.

The Progressive Farmer is issued once a week, the regular subscription rate is $1.00. The Semi-Weekly News is issued twice a week, the regular subscription rate is $1.50. We offer BOTH FOR ONE YEAR AT $1.50.

This offer is good for renewals as well as new subscribers.

The Semi-Weekly News

156 papers a year for $1.50.

Every one should take the home paper to get the home news.

The South is an agricultural country and everyone should get a farming paper.

This is a clubbing offer seldom made. Do not fail to take advantage of it. Remember you get both papers one year for $1.50.

It's a bargain you can't resist. This offer will only last for a limited time. Do it now. Send in $1.50 and get The Progressive Farmer and The Semi-Weekly News, both for one year for $1.50. We make this offer to old subscribers as well as new ones.
