WASHINGTON, April 21.—Thouanda of persons, fathered in front of a newspaper office to light for a marine corps recruiting demonstration, heard a fervent speech by Secretary Tumulty, who was called to the stand when he stopped on the outer edge of the crowd to hear the Marine Band play.

"This Is a fight," jud the President's secretary, "in which the two greatest forces in the history of the world are contending, on the one the force of democracy, and on the other the force of autocracy."

"I want to challenge you youn men, grouped here tonight. Will you accept the challenge of democracy? Are you the wins of men who were willing to die for the principle which our republic was founded?"

Patriotic speeches also were made, by Representative Gardner, of

NO SPECTACLE SOUGHT FOR RUSSIA

The war in Europe is now in its second year and we are all well aware of the fact that the people of Russia are suffering from the effects of the war. It is not the intention of this page to discuss the war or to give an opinion as to whether or not it is right or wrong. The war is going on, and we are all aware of the fact that it is going to last for a long time. The people of Russia are suffering from the effects of the war, and we are all well aware of the fact that they are suffering.

TELEVISION HOUSE FOR LITTLE ONES

Their Behavior in Danger. Quoted here are the words of the local people in the recent record of a boat skippered by a brave sailor who lost his life in saving his passengers.

The story was told by Mr. Robert Gage, president of the Blue Goose Club, who has just returned from a trip to the coast where he visited the scene of the catastrophe.

"It was a dark night," said Mr. Gage, "when the message came that the submarine had been sighted. The skipper immediately ordered all hands to put on life-jackets and start for the lifeboats, which were quickly lowered into the water. The crew and passengers were then ordered to jump into the lifeboats, and the boats were launched. The skipper then ordered the motors to be started and the boat to be put under way, and the craft was soon out of danger."}
