One More Carnard Exploded

It has been persistently rumored that Mr. John C. Carnard is going to sign the 19th section of Chester County. The rumor is not true, as Carnard, in a letter to The American, states that no such arrangement has been made. Mr. Carnard is not going to sign the 19th section, and there is no possibility of his signing it.

But in Chester

The members of the General Assembly of the State of S.C., are now in session, and the people of Chester are looking forward to the coming session with much interest. The members of the legislature will be called to order on the 12th of this month, and the business of the session will be transacted.

An Obligation

We, the citizens of Chester, do hereby pledge ourselves to support any measure that will promote the welfare of our county. We will, as a body, act in concert with the state authorities to ensure the prosperity of the county.

REVIEWS

Though this is one of the least reviewed sections of the newspaper, I believe that it is important to give it some attention. The reviews are a way for us to discuss the quality of the films, books, and other media that we consume. It is a way for us to share our opinions and have a conversation about what we think is good or bad.
