THE LANTERN.
FRIDAY, MAY 6, 1904.

The Lantern, at the Albemarle Manufacturing Co., West, was given to the children of the town by Mr. J. C. Lake, who died recently, with a large number of friends and neighbors, all of whom were members of the Masonic Lodge.

Discussions of the Orleans and American teams and the weather are given with each box.

In Using HIRSHBURG, HOLLANDER & Co's Refrigerators the "Colonial" is not a high priced Refrigerator. It is strong made of thoroughly seasoned kiln-dried OAK and no nails. Lined internally with metal. Hinged door on front which gives access to DRIP PAN, which hides beauty and beauty. It has a perfect air-tight seal. No leak at top or bottom and, when operated, on both inside and outside, there can be no escape of moisture.

Easily Applied, Looks Better and Lasts Longer. NO LACINGS INSIDE TO HURT, ANNOY OR TOUCH THE Wearer.

Use of the Refrigerator is explained and is the idea for a summer shirt waist.

Another change, which improves it, is the introduction of a new feature to the column. This feature is the "Column of the Day," which is the result of a request made by the readers of the paper.
