In Memoriam.

The late Thomas W. Webber was killed by a mad dog near his home on the Twenty-fifth, last week. The dog had bitten him three or four times before, the last being Wednesday morning. He was taken off to the public hospital, and on his return to his home, he was found to have barked at passing dogs, and he was taken to the public pound. The owner of the dog, a Mr. Webber, was arrested and sentenced to ten days in jail for the offender. The dog was destroyed by the pound keeper.

I. S. P. L. 

A dog that had been bitten by a mad dog in the city last week, was found to have been omitted from the public pound. The dog was a little black and white one, and was taken to the pound by the pound keeper, but he found the dog to have been omitted. The dog was taken to the pound and given to the pound keeper.

FRIDAY, MAY 2, 1896.

GLOR HEMPTON, of the Atlantic Mutual, says, Sirs, I bring to your attention the fact that it was Noah Webster, the Supreme Court of the United States, who first used the word "diction- ary" in a legal sense.

The Atlantic Mutual, as a committee at the General Assembly, has had in mind the welfare of the state since its organization in 1891. We are happy to announce the appointment of Mr. W. A. McComb, who has been a distinguished lawyer, as our new agent in Chester.

On Tuesday night the Lee Conclave, of the A.E.T.N.A. Life Department, of the United Confederate Veterans, held its monthly meeting in the Opera House. Mr. J. Stanley Lewis, president, welcomed the members present.

The local conclave is flourishing under the able direction of Mr. J. H. Vat borough.

The death of Mr. W. J. Kirkpatrick, of the Abbeville Medium, was deeply regretted by the members of the conclave.

The Abbeville Medium, to which we are indebted for many excellent articles, will be greatly missed by its readers.

Refrigerators

The "COLONIAL" is not a high priced refrigerator. It is strongly made of thoroughly seasoned kildeed OAK and pine timber. Lined internally with metal. Hinged on front at bottom which allows access to the back of the refrigerator. Made by the Hahn-Lowrance Comp'y, manufacturers of the world-famous "Hahn Patent" and "Lowrance" refrigerators.

There are many advantages in the "COLONIAL" that will be of interest to you. It is made of solid timber, and will last for many years. It is also very economical to run, as it uses but a small amount of fuel.
