STRIKERS FIGHT PITCHED BATTLE WITH GUARDS

Chester, May 5.—Two men are known to have been killed, four probably wounded, and scores others seriously injured this afternoon in a pitched battle outside the East Pittsburg plant of the Zinc and Nickel Mining Co., which is controlled by the Edith Thomas Works of the Connellsville Coal Company. The workers in one section of the plant engaged in fighting with the deputies and guards. In all, some 500 men were employed in the section, and 200 of them were on strike.

It is estimated that the people who were injured will be between 1,000 and 1,500, but the figures are finally established in the face of a fearful fight that lasted several hours.

It is reported that four men have been killed, while several others have been injured. The body of a man named John Farnsworth, who was killed, was found in a mine shaft. The body of another man was found in a nearby field. The third body was found in a nearby stream. The fourth body was found in a nearby wood.

The bodies of the four men were taken to the coroner's office for examination. The coroner's report will be released later today.

The strike is the result of a dispute over wages and working conditions. The workers have been on strike for several weeks, and the company has been trying to break the strike by bringing in replacement workers.

The deputies and guards were called out to help the company break the strike. The workers have been resisting the efforts of the company to break the strike.

The situation is reported to be serious, and the strike is said to be in its final stages.

That snappy, spiced taste of "Bull" Durham in a cigarette gives you the quickstep, head-up-and-out feeling of the little grey wolf in Khaki. He smokes "Bull" Durham in the gray wolf he gets out of.

GENUINE "BULL" DURHAM
SMOKING TOBACCO

"Roll your own" with "Bull" Durham and you have a cigarette similar in the taste to that given by the word. It's "Bull" Durham in the gray wolf he gets out of class in the word.

In its perfect mimicking, it's smooth, mellow-sweetness and its aromatic fragrance. "Jolly Day" it is. Unique for the last word in whipsmoke, for the sufficient enjoyment "roll your own" with "Bull" Durham.

WHY YOU SHOULD
SAVE YOUR GARDEN

There are many times in midsummer we see what would be an otherwise beautiful scene marred and made unattractive by the presence of weeds. Weeds may be a real menace to our gardens in all their beauty, since every garden is subject to their attacks. This year, if you want to have a beautiful garden, make sure to keep your garden weed-free. It's simple: just save your garden! Why? Because weeds can affect the visual appeal of your garden and make it unattractive. To avoid this, make sure to keep your garden weed-free this summer.

The biggest business enterprises in this country were built upon savings. Just look at the growth and success of large companies like Google, Facebook, and Amazon. Their success is built on the backs of businesses that saved their money. In the same way, the money that is spent on newspapers is used to support local businesses.

People use newspapers as a tool to stay informed about their communities. They read about local events, read obituaries, and stay up to date with the news. This is why so many people continue to subscribe to newspapers, even though many of them use the internet as their primary source of information. Newspapers are a valuable resource for people who want to stay informed about their communities.

If you want to be a successful businessman, you need to know how to save money. Start by saving your garden! Why? Because it's simple: just save your garden!

And Prof. Massey's page is only one of fifty features that have made THE PROGRESSIVE FARMER famous as "The Farm Paper with the Punch." It tells every member of the family—not only giving the farmer himself the best help, but also providing the best farm women's page in America and a superb Young People's page.

Order THE PROGRESSIVE FARMER now and make your start toward "$500 More a Year" (The importance of raising more livestock will be discussed in a later series of articles by Dr. Tait Butler.)

THE ACHES OF HOUSE CLEANING.

The pain and suffering caused by arthritis, neuritis, and neurasthenia are being lessening by Sloan's Liniment. It is a pain-reliever and it is worth its weight in gold. The pain of rheumatism is caused by the retirement of the blood into the extremities of the body; by the application of heat, the blood is hastened back to the heart and the pain is relieved. Sloan's Liniment is a remedy for arthritis, neuritis, and neurasthenia. It is a remedy for all pains and aches, and is a remedy for all pains and aches.

John L. McLaurin said that education can be the means of improving the condition of the Negro. He said that the Negro should be taught to think for himself and to stand up and fight for his rights. He said that the Negro should be taught to be independent and to be able to take care of himself.

Senator J. P. Rivers said that the State warehouse system was a good thing. He said that the State warehouse system was a way of providing for the benefit of the people. He said that the State warehouse system was a way of providing for the benefit of the farmers. He said that the State warehouse system was a way of providing for the benefit of the consumers. He said that the State warehouse system was a way of providing for the benefit of the State.

Mr. W. A. Stuckey of Bishopville said that the State warehouse system was a good thing. He said that the State warehouse system was a way of providing for the benefit of the people. He said that the State warehouse system was a way of providing for the benefit of the farmers. He said that the State warehouse system was a way of providing for the benefit of the consumers. He said that the State warehouse system was a way of providing for the benefit of the State.

Senator McLaurin said in part, "Dr. Neighbor" in the most telling phrase, should be given a place in every community where the Negro is to be found. The Negro should be taught to think for himself and to stand up and fight for his rights. He should be taught to be independent and to be able to take care of himself.
