BELGIUM WILL RECEIVE LOAN

BRITISH TRANSPORT SENT TO BOTTOM LONDON, May 1.—Another British troop transport has been sent to the bottom by a U-boat, but the splendid discipline of the troops prevented loss of life. The latest victim is the Peninsular and Oriental liner Bailarat of 12,100 tons, carrying troops from Australia to England. The troops were saved by torpedoes and trawlers convoying the transport.

TRAINING CAMPS FOR SAILORS AND MARINES

WASHINGTON, May 1.—Temporarily opening training camps for sailors and marines at Quantico, Va. and Navy Department today.

WASHINGTON, May 1.—A tornado swept through Western Kentucky today, damaging residences and small buildings in several towns and ruining

Make Us Responsible For Your Tires

You don't have to "shop" among tire dealers to get the exact tire you want, your buy-one make of tire for your rear wheels and another make for your front wheels. But you can get exactly the tires which will give you the lowest-cost-per-mile of service among the five different types of United States Tires. And, then you can hold one company—the United States Tire Company—responsible for the results, which is much simpler than trying to fix the responsibility on two tire companies through two different dealers.

There are five to choose from:

- one for every kind of price and use,
- and every one a tire of supreme service and low-mileage-cost.

United States Tires Are Good Tires

United States Tires are carried by the following Sales and Service People—whom you will find, which of the five types of United States Tires exactly suits your needs. FENNEL-YOUNG MOTOR COMPANY.

Save Hundreds of Dollars
By Choosing The
CHANDLER SIX

The car's beauty is quite as superior as its mechanical excellence.

Thousands Have Purchased Since We Showed Them How the Chandler Checks With High-Priced Cars

People are buying automobiles now with more good common sense than ever before.

And twice as many are buying Chandlers as ever bought before.

The Chandler is Under-Priced Several Hundred Dollars

Men know the Chandler is under-priced, as compared to other cars.

They know that among other Sixes two or three hundred dollars more will not buy a car of such splendid design and equipment, such assurance of satisfying performance.

They know that at a factory list price of only $1395, the Chandler is in essential engineering features, like or very similar to the best of the high-priced cars.

Since we told the public—not in an array of adjectives, not in an avalanche of claims, but in just a clear and simple statement of facts—how the Chandler checks in so many vital features with the Pierce-Arrow, Packard, Mercer, Cadillac, Stutz, Locomobile, White and Winton, thousands of men have purchased this great Six.

You, too, will choose the Chandler if you realize how much more high-grade construction the Chandler offers than other cars in the medium-priced field, and

—if you know the Chandler motor.

In choosing your car you are seeking all the dependability and long life characteristics of the finger cars of every type, and

—you surely seek the utmost in six-cylinder flexibility.

These two qualities, coupled with graceful and comfortable bodies, you want at a fair price.

These qualities the Chandler offers you in a surpassing degree. We don't merely say this is so. We prove it.

What Chandler Price and Quality Have Done

The Chandler price is low. We have kept it low. We have cut into our per car profit repeatedly to keep it low.

And keeping the price so low and the car so good has built, in four years' time, a great coast-to-coast and all-the-world-around business at which the industry marvels.

Still it is just good business policy—or what the Chandler Company and Chandler dealers conceive to be good business policy.

The best light weight Six that the broadest motor car engineering experience can build, and at a fair price! That's the Chandler story.

There is No Inflation in Chandler Price

There is no inflation in Chandler price, no padding, no "easy profit," no "wide margin to take care of long trades."

If there should be any doubt in your mind as to this, if there is a question as to which of the medium-priced Sixes would serve you best, just see how the Chandler checks with the high-priced cars and see how the others do not.

The Chandler motor, developed through four years of conscientious and skillful manufacturing effort and brought to a state of approximate perfection, is the heart of this great car.

High tension magneto ignition, separate unit electric system, solid one-piece cast aluminum crankcase extending from frame to frame and giving perfect rigidity to the engine mounting, silent spiral-bevel gear full floating rear axle, silent chain drive for motor shafts, light running angular ball bearings in transmission, differential and rear wheels and many other typically high-grade features are Chandler features.

FIVE BEAUTIFUL TYPES OF BODY

Seven-Passenger Touring Car, $1395
Four-Passenger Roadster, $1395
Seven-Passenger Convertible Sedan (Fisher built) $1995
Four-Passenger Convertible Coupe (Fisher built) $1995
