The Southern Baptist

The Southern Baptist convention now is in session in New Orleans on the theme of the larger religious bodies that assembly in this country to promote the general subject and the attendance is un

mercifully large. The Government, one of the largest music organizations in the world, who presided over the last session of the convention, has been re-elected, a just tribute to his ability and fairness as a presiding officer.

The report submitted on last year's work for the year 1900 and the prospects for the southern Baptist church. It has increased largely in membership, has built many new churches, improved many others and extended both its missionary and foreign work very largely.

The music was never before in such a thriving condition.

It is evident that the Baptists are going to meet the present conditions. Their contributions have been very favorable during this last year's work.

The convention has spent $30,000 on special work in behalf of the Baptists. Representative Baptists from all parts of the south are as enthusiastic on this proposition and its proceedings will certainly amaze the interests of the southern Baptist churches.

The Baptists have not been so successful in their organization and making generally. It is a matter of mere statistics that the Baptists of the United States in 1900 have not yet been completed. There is no Baptists in the United States where there are less than 1,000 Baptist churches. The smaller churches have grown greatly since that time. In the last 35 years, 12,150,000 and 140,980 churches, with a membership of 1,500,000, are, as the Methodist, had not been set up or organized probably the largest in the world.

The Baptists have been converted into a great church, but their contributions have been very favorable during this last year's work.

The Cat Escaped.

T. L. Luxey was up town yesterday and reported that the result of a bicycle accident while he was riding near his home this afternoon was as exciting as it was serious. As he was speeding down South State Street, a large dog ran in front of him. It was just in time to save his life. The dog was after a cat and had neither time to stop nor the skill to negotiate by one method or another. As a result he struck the bicycle wheel in the street, where the dog's neck was caught in the spokes, and the cyclist was thrown to the ground, where he lay unconscious for some time. That was the end of the bicycle and the dog, of course.

About twenty times an hour

all the blood in your body passes through and is filtered by your kidneys. Do you think what this means? If the kidneys are not strong and healthy they do not extract all the poisons from the blood and the result is illness and misery which will remain until these organs are in proper condition and are operating freely.

These symptoms will tell you

when your kidneys need attention and assistance: If you have Backache, Tired Feeling, Dizziness, Headache, General restlessness, Pains across the Liver, or in the Bladder, Sleeplessness, Chills, Urine of an unnatural color, you may be suffering from poor healthy condition and urinating all day long.

Vaughn's Lithon triptic

This is purely vegetable preparation and will effectually cure Dropsy and Gravel. It acts directly on the Liver and Kidneys, giving a normal healthy condition and urinating all day long.
