Chester, C. S., Tuesday, May 10, 1904.

Washington, D. C., May 5.—The Senate today adjourned its session in favor of the House, and both chambers are now expected to remain in session until the adjournment sine die, which is not expected to take place earlier than the middle of June.

In the Senate, among the very few standing in favor of the bill to raise the tariff, are Senators Miller of Indiana, Blaine of New Hampshire, and Anthony Logan of South Carolina. These Senators, although the youngest, perhaps the most comprehensive of all in the body, seem to have the necessary amount of wisdom and decision to guard the interests of the country and the Constitution from the assaults of the protectionists. They seem to be in the same position as the old men of earlier days, who are always to be found in the minority, and who, by their perseverance and persistence, are often able to force the majority to adopt their views.

The House, on the other hand, appears to be more divided in its opinions. Some members are in favor of the bill, while others are opposed. The former include Senators Benton of Missouri, Freeborn of Iowa, and Green of Illinois. These senators have been active in their efforts to promote the passage of the bill, and have been successful in a great measure.

The bill has been referred to a committee of the whole House, and is expected to be reported back to the body at an early date. The members of the committee are working hard to prepare a report that will meet the objections of both sides.

The House is to meet again today at ten o'clock, and is expected to continue its work until late in the evening. The members are busy preparing for the debate on the bill, and are working hard to prepare a report that will meet the objections of both sides.

The bill has been referred to a committee of the whole House, and is expected to be reported back to the body at an early date. The members of the committee are working hard to prepare a report that will meet the objections of both sides.

A white congregation of leaders and farmers, met at 2 p.m. and spent a very pleasant day, as usual. They have discovered a secret on the way of the Lord, which they believe will prove of immense benefit to all. It is a plan of reform, proposing to establish a new system of education, under which all persons, without regard to sex, race, or social standing, shall have the privilege of obtaining an education of all kinds.

Formerly it was the custom of the farmers and frontier men to swear allegiance to the country for the paltry nations and empty糟 (word unclear). They have all the pleasure for himself and all the strength within his own power. The veteran of Waterloo, Capt. Brown, was one of them. He has turned his hand to the direction of the country's affairs. The plan is to carry this through.

The working of the roads is an active program. The county authorities of the several counties are doing a great deal of good on the roads, cutting and rerouting the old way, and making some of them new. The superintendent of the roads is making a great point of this, and we are told that he has already accomplished much more.

Mr. Crawford, in a letter directed to an extract in The Lantern, for a week or more, and a statement of a fact of the highest importance.

Letter from Crawford:

"We hereby announce to the public that the United Confederate Veterans have come to terms with the state.
Mr. and Mrs. Charlie Russell, of Kings Mountain, spent Sabbath at Mr. John Cousar, Miss Lillie Russell, who has been visiting her sister, Mrs. John Cousar, in the city.

Mr. Tom Henna, of Gastonia, and Mr. J. L. Williams spent Sabbath at Mr. and Mrs. Dove had been there a week beginning Saturday morning.

Mr. W. S. McDonald, Jr., spent a few days in his old home.

Miss A. G. Porter, of Greenwood, and Miss Lillie McCurry arrived in the city on Friday morning on their way to Columbia this morning.

Mr. and Mrs. J. D. Dunphy and little daughter, Emily, arrived in Saturday morning on their way to Richburg to spend a few days with their daughter, Mrs. W. S. McDonald.

Miss Ela McCurry, who has been spending Saturday morning on her way to Richburg to visit Mrs. G. H. Green and return to spend a few days in her old home in Lancaster, passed through Saturday morning.

Mr. and Mrs. W. S. Carr, little daughter of the late R. H. Woods, of the senior class of the Hickory High School, have made encouraging returns to the state of their health and intelligence. They are possibly to return to their studies at the University in a few weeks.

Mr. W. B. Melton, a dealer in insurance and real estate, who is one of the graduating class of the Hickory High School, has been kind enough to make the above statement, which we sincerely trust that each and every reader will read and profit by it.

Mr. and Mrs. J. W. Reed, of Chesterfield, were in town on Monday morning to see the new store of Mr. and Mrs. W. S. McDonald, Jr., and to do some business.

Mr. and Mrs. E. A. Crawford, who have been in town for the past few days, are now visiting Mr. and Mrs. J. W. Reed, of Chesterfield, and will return to their home in the city on Monday morning.

Mr. and Mrs. W. S. McDonald, Jr., have been kind enough to make the above statement, which we sincerely trust that each and every reader will read and profit by it.

Mr. and Mrs. W. S. McDonald, Jr., have been kind enough to make the above statement, which we sincerely trust that each and every reader will read and profit by it.

Mr. and Mrs. W. S. McDonald, Jr., have been kind enough to make the above statement, which we sincerely trust that each and every reader will read and profit by it.

Horse Health!

Perfect health for your horse means giving him the proper food, which is generally a mixture of grass, hay, and grain. Grazing in a clean, open field is preferable to the worst kind of pasture. Good care includes the following:

1. Feeding: A well-balanced diet is essential. Fresh grass and hay should be available at all times. Grain should be fed in moderate amounts, especially during the colder months.
2. Water: Fresh, clean water should be available at all times.
3. Hay: Good quality hay should be fed in moderation.
4. Grain: Feeding a well-balanced grain mix is important. Avoid feeding too much grain, which can lead to obesity and other health issues.
5. Shelter: A clean, dry shelter is necessary to protect the horse from harsh weather and minimize the risk of diseases.
6. Housing: Housing in a clean, dry pen is important for the health of the horse.
7. Grooming: Regular grooming helps maintain the coat and skin of the horse.
8. Medical Care: Regular veterinary check-ups and treatments are essential to maintain good health.
9. Exercise: Regular exercise is important for the horse's health and well-being.
10. Good water: Fresh, clean water should be available at all times.

In conclusion, providing proper care and attention to your horse's health is essential for maintaining a happy and healthy animal.
