NR AGREEMENT UPON ARMY BILL

WASHINGTON, May 10.—Approval of the Senate to the bill providing for an addition to Miller No. 2 which is doubling its size. The old building is about to be taken down and a new one erected. The provision of the house bill is on the same lines as that of the state bill.

CONTRIBUTION TO PROPERTY OF FORT MILITIA

The following list of contributions to property of Fort Millifica was published in the semi-weekly paper:

G. W. Kershel, 1200.00
J. B. Morgan, 1000.00
J. E. Davis, 800.00
W. H. Smith, 600.00
J. W. Lee, 400.00
C. H. Smith, 200.00
J. W. Miller, 100.00

GETTING UP MISUSING

From twenty thousand postmasters of the various states, each designed to be a member of the State Warehouse Association, is being gathered here to place the most modern and best data, it was necessary to take accurate data, so that the last men in the line of battle may be gained from the fact that they had been served. One of the complaints that the national Association has made is that the candidates haven't time to discuss the subject, and that the primary campaign was worked out in a matter of days.

WASHINGTON, May 9.—Road data from the various states has been collected by the National Road Association and is now being published in the Association's report. The data sets forth this fifty years of rail, filling five hundred miles, have been completed. In order to obtain this data, it has been necessary to place the most modern and best maps in the hands of the preparers.

MISSING THE MEMORIAL DAY

THINKING possibly was the origin of the Memorial Day celebration, the old custom of decorating graves by placing flowers and wreaths on them, as well as the practice of placing a flag on the graves of the deceased, is being observed by the people of the United States.

WASHINGTON, May 9.—A business meeting was held at 9 a.m. at the headquarters of the National Road Association. The meeting was called to order by James W. Lippincott, who was elected secretary of the association. The meeting was adjourned until 11 a.m.

The PROPER STUDY OF CACHE COUNTY

The following is a true story, that I was told by a lady named Jane.

Many years ago, when the order of the church was being lived in this community, the following rules were made known to all: When we call Joseph, Joe will heed his voice, and when we call James, Jim will heed his voice. This was the law which the people followed, and they were obedient to it. Joe’s voice was clear and distinct, and he was easily recognizable, while Jim’s voice was soft and indistinct, and he was difficult to hear. However, the people were devoted to this rule, and they followed it to the letter.

Several years ago, the people of Cache County had a meeting to elect a new bishop. The meeting was held in a small town in the middle of the county, and it was a very important event. The people were very enthusiastic, and they turned out in large numbers to support their candidate.

The meeting was held in a small church, and it was a very hot day. The people were very hot and thirsty, and they were in need of refreshment. So, they decided to have a picnic after the meeting. The place was a small glade, and it was surrounded by trees. The people brought food and drinks, and they sat down to enjoy their picnic.

After the meeting, the people were very happy, and they had a great time. The candidate won the election, and the people were very pleased. They all went home, and they enjoyed their picnic.

The next day, the people went back to their normal lives. They went to work, they went to school, and they went about their business. But the people never forgot the meeting, and they never forgot the candidate.

The next year, the people of Cache County had another meeting to elect a new bishop. The meeting was held in a different church, and it was a very important event. The people were very enthusiastic, and they turned out in large numbers to support their candidate.

The meeting was held in a small town in the middle of the county, and it was a very hot day. The people were very hot and thirsty, and they were in need of refreshment. The next day, the people went back to their normal lives. They went to work, they went to school, and they went about their business. But the people never forgot the meeting, and they never forgot the candidate.

The people of Cache County never forgot the story of the candidate, and they never forgot the candidate’s victory. They were very proud of their candidate, and they were very happy with their decision. They were very grateful to their candidate, and they were very thankful for his victory.

The people of Cache County were very happy with their decision, and they were very satisfied with their candidate. They were very happy with their lives, and they were very content with their situation.

To the Parents of School Children

You will be called on Tuesday, May 16, to decide whether you are willing to levy four more mills of special local tax to provide school aid for the next three years. This tax is needed because the school is operating above capacity in order to accommodate the increased enrollment. This decision is of vital concern to all of us interested in the welfare of our children.

If you are willing let us have your decision by 6:00 o'clock tomorrow (Wednesday) night. If you are not willing, let us know this. It will do so that we may have a better idea of the number of those who are willing.

Please act promptly and return your decision to me as soon as possible.

Sincerely yours,

[Your Name]
BEAUTIFYING THE CAPITAL.

Washington is the "playground" of the nation, with the women of Washington on their hands. It is attempting to put up a stately building worthy of the government. For a long time there has been a demand for a national monument, and the question is: Is it not the right time to build a national monument? A national monument is a fitting symbol of the country's spirit and progress. The proposed monument is to be a symbol of peace and harmony, representing the ideals of the American people.

PUTTING DOWN THE PLOW.

The Ontario Road is the most important road in the country. The Oregon Company, with offices in Philadelphia and New York, is responsible for the maintenance of this road. The company receives a percentage of the tolls collected on the road, which is used to keep the road in good condition. The road is well maintained and is a major artery for the transportation of goods and people.

The proposal of the School Board is to increase our special local tax. The children in the 5th and 6th grades and to furnish the materials for the same. The man to teach domestic science and sewing to the girls of the school. Subjects for those who are not going to college or those who can afford it. Among any of the classes.

Spectator. Having only a three-year high school, Chester is not in a position to give the advantage in all the departments. Sixteen of these are accepted by the commission of the State to give the advantage in all the departments.

These needs must be met unless we are willing to drop rapidly to the rear.

There are 41 towns in South Carolina with four-year high schools, many of which have only one or two teachers. It is in the interest of the State to provide for the education of their children. The School Board is asking Chester to take a stand among the leaders.

They are asking for a mill to abolish tuition in the high school. Chester is the only high school in the State that charges tuition. The School Board is asking Chester to take a stand among the leaders.

The Yankee farmer makes $500 more a year than we do. We are as smart as he is and must learn to make this extra $500, too.

Will carry every week for the next six months notable articles by Prof. W. F. Massey, "the Grand Old Man of Southern Agriculture" on "$500 More a Year for the Southern Farmer: How to Get It"

Here are some of the subjects Prof. Massey will discuss:
1. We Must Inquire Why We Make Less Than the Northern or Western Farmer.
2. We Must Make Our Own Seeds Richer.
3. We Must Diversify So As to Make the South Feed Itself.
4. We Must Use More Horse Power and Machinery.
5. We Must Learn Fertilizer Values and Buy Fertilizers More Wisely.
6. We Must Improve Our Methods of Cultivation.
7. We Must Make More Hay and Feed.
8. We Must Make More Winter Cover Crops.
9. We Must Have More Humus and Fewer Gullies.
10. We Must Have All-the-year-round Gardens.
11. We Must Improve Our Methods of Growing Corn.
12. We Must Make Better Methods of Growing Cotton.
13. We Must Learn Shooting and Rabbiting.
14. We Must Make Our Own Hay and Sell Some.
15. We Must Put the Stubble Lands to Work.
16. We Must Make Better Methods of Growing Tobacco.
17. We Must Make More Meat by Grazing Cattle.
18. We Must Make More Pork and More of It.
19. We Must Have More Humus and Fewer Gullies.
20. We Must Improve Our Methods of Grazing Cattle.
21. We Must Learn Shooting and Hunting.
22. We Must Make More Meat by Grazing Cattle.
23. We Must Make More Pork and More of It.
