"GET THE HABIT"

When you want a suit to make you look good, without damaging your pocket book but little, it will pay you to "Get the Habit" some of your neighbors have of buying Suits of Collins. You have the satisfaction of knowing you have the correct color, cut, and swing. Some of our competitors call them "freaks" simply because they cannot show these up-to-the-hour garments.

When the mail epigraphs brought the news that the U.S. had agreed to a treaty of peace with the same, all the folks in the city of Galveston turned out to meet and greet the immigrants. The people who live in this city are a hardy race of men, and they are just as anxious to have their country as they are to make money.

They are not the sort of people who are going to be put out of work by the war. A large number of them have been in the habit of working hard and saving money, and they are not going to take it easy now that the war is over.
