was again restored to the colonies of Reline. It tells thy sad life of many the country now belonging to their misfortune. The scenery and the people as truth never saw the Acadian land, but by the poor exiles were marched down the northwestern coast of the valley of Acadia went on the same when this famous treaty was made. Attempts had been made to plant burning your dwellings and barns, and only a few days were allowed for preparation. The simple Acadian farmers who children's children and grandchildren returned to the deserted farms, and free to do so. Hundreds of them jeered and sieged your farms and stealing your farms and burned your dwellings and barns, and thus destroyed your property. Your friends have received me in all my sorrows and trouble, and thus have shown me the kindness and friendship of those who love me. I have been made to suffer, but I have never been able to understand the reason for your treatment. I have not the strength to work, and thus I am unable to do much work now. 

I have taken only three bottles. I can say that I needed, as later was	answers, we believe, is that this soil and young timber killed,—a loss we can ill afford in a section that buys mean millions of dollars worth of commercial fertilizers yearly and where this is getting scarce and high priced. “Why is your pine land so poor?” I asked. He answered, in that this soil is poor it is more than to any other thing, in fact to that the poor land and keeping fire off. In the end of a few years you will have you corn, yellow, and check full of vegetable matter and available plant food. We have actually been capable of making nearly any thing of all fossil and fire kept away from them, with the result that in a few years nature had fruitful valleys and vast forest primeval. The tissues surrounding it lose their power to warn the man, but the horn is kept. I have used the best medicine I have been able to get, but the disease remains. I have tried many medicines, but the disease remains.

THE BIRTH OF A NATION

May 23, 1915

GRIMSTY'S "BIRTH OF NATION" IS BEAUTIFUL AND THRILLING STORY OF THE SOUTH'S 20 POINT HEAD.

"The Birth of a Nation," the fifth production of film and screen by David W. Griffith, a youthful prodigy, has captured the imagination of the Confederate's early glories and is played by the 18-looking Elinor Dix in the reconstructed story of the Chilton Pioneers Hospital Night, May 23, 1915, a production that includes the scenes from the Chilton Pioneers Hospital Night, May 23, 1915, and the second was arranged at the 7:15 P.M. at the Cleveland Opera House.

The local interest in "The Birth of a Nation" is enhanced by the fact that the city of Cleveland is the birthplace of the city and is therefore the city of Cleveland, Ohio. The picture was shown to us at the 7:15 P.M. at the Cleveland Opera House.

NOT THAT KIND

The business agent for a Chauncey-Quay went to a prosperous town in the state of the subject with regard to looking for a packaging and friendly lady. He asked, "What can I do for you?" "I wanted to talk to you about a campaign," the young man replied. "Nothing doing," curtly answered the man. "Just ask me if you have already declared on a car of another make." —Exchange.

The Yankee farmer makes $500 more a year than we do. We are as smart as he is and must learn to make this extra $500, too. :: ::

THE PROGRESSIVE FARMER
Will carry every week for the next six months notable articles by Prof. W. F. Massey, "The Grand Old Man of Southern Agriculture" on

"$500 More a Year for the Southern Farmer: How to Get It"

Here are some of the subjects Prof. Massey will discuss, each article telling how to do that job:

1. We Must Increase Why We Make Less Than the Yankee or Western Farmer.
2. We Must Make the Good Lands Better.
3. We Must Make the Poor Lands More Profitable.
4. We Must Improve Our Methods of Cultivation.
5. We Must Make Better Corn Yields.
6. We Must Make Cheaper Pork and More of It.
7. We Must Have More Horses and Power.
8. We Must Have All the Power Needed.
9. We Must Learn Principles of Planting and Harvesting Crops.
10. We Must Make Our Own Hay and Seed.
11. We Must Learn Better Methods of Fertilizing and Moisture Control.
12. We Must Make Our Own Hay and Some to Sell.
13. We Must Put the Stubble Lands to Work.
14. We Must Learn Better Methods of Laying by Crops.
15. We Must Learn Better Methods of Feeding Live Stock.
16. We Must Change Winter Cover Crops.
17. We Must Change More Winter Cover Crops.
18. We Must Change More Winter Cover Crops.
19. We Must Change More Winter Cover Crops.
20. We Must Change More Winter Cover Crops.
21. We Must Change More Winter Cover Crops.
22. We Must Change More Winter Cover Crops.
23. We Must Change More Winter Cover Crops.
24. We Must Change More Winter Cover Crops.
25. We Must Change More Winter Cover Crops.

And Prof. Massey's page is only one of fifty features that have made The Progressive Farmer famous as "The Farm Paper with the Punch." It suits every member of the family—not only giving the farmer himself the best help, but also providing the best farm woman's page in America and a superb Young People's page.

Order The Progressive Farmer now and make your start toward "$500 More a Year" by raising more livestock in the South. It suits the family and the home, and it makes the farmer richer and the lands more fertile.
