Double Master Box Explosives.—It was stated by a party who had
received a box of explosives recently that shipped at Rock Hill, and carelessly
left at the Railway Station, and that it was taken up and shipped by the
agent of the Torpedo Company to this city by the train, the same night
before it arrived here. The agent of the company was advised by
the party that the box contained 100 pounds or more of explosives, and
further was informed by the party that the box was carefully packed.
It was found, however, that the box contained only a small quantity of
powder and a few pieces of wood, which were supposed to be used as
a cover for the powder.

Error in School Law.—An error has been made in which the names of
the pupils were improperly enrolled. A pupil was enrolled in the name of
David R. Martin, and was placed in the third grade, when he was supposed
to be in the second grade. The error has been corrected and the pupil
enrolled in the correct grade.

A Attempt View of Conservatism.—A view of the Conservatism of
the day is presented by the following statement: "The Conservatism of
the day is based on the idea that the people should be content with
what they have, and not attempt to improve their condition. This
Conservatism is a blameworthy attitude, and one which should be
condemned."

The Strangest Thing.—The following statement was made by a
pupil in a school: "The strangest thing that ever happened to me was
when I was walking down the street and was suddenly struck by a cloud of
smoke. I had never seen such a thing before, and did not know what
it was."

A Flight on Golding.—This morning the Golding Flyer was made ready for the day’s work, and the passengers were being received. The Golding Flyer is the newest and largest of the Golding fleet, and is expected to run very fast on the next trip to the United States. The passengers were very much pleased with the comfort and efficiency of the Golding Flyer, and the crew were very busy preparing for the trip.

Defeat of the Smallest Tinctor.—A small tinctor of the smallest tinctor department has been defeated in its attempt to win the smallest tinctor prize. The tinctor was very upset, but the jury was very fair and the decision was very just.
