"At  Lancaster  forty  years  ago  forty

men  frightened  to  death  by  a  lynching

story,  when  called  upon  to  work  in

the  fields,  attacked  the  superintendent

of the  mental  hospital,  stoned  the

local  agent,  and  rioted  in  the  streets.

Two  men  served  a  year in  prison.

"A  lynching  story  of  this  kind  is

dangerous  and  may  prove  disastrous.

In  one  case  in  South  Carolina  a

person  was  lynched  as  a  result  of

seeing  a  false  story  in  the  press.

I saw  a  false  story  last  year  in

the  Lexington  (S. C.)  Press  and

people  attributed  the  lynching  to

false  stories  in  the  press.  A.

Chandler Price Must Advance $200 June 30th

The price of the Chandler Six becomes $1595 on the first day of July. The present model, identically the same car, will be continued after that date.

Until that date the price remains, $1395

It has always been a basic part of Chandler policy to keep the Chandler price low

We have kept it low. Men considered the original Chandler price of $1795 established four years ago an impossible price. Later, when the Chandler Company reduced that price to $1595 the trade thought we were courting disaster. Further reductions came as a positive shock to the industry.

Meanwhile the Chandler Company prospered and Chandler business grew to front rank proportions. The Chandler car was never cheapened, but, rather improved and refined from season to season until the whole motor car purchasing public has come to recognize the Chandler car as a car of surpassing values.

Our whole purpose has been to build the best lightweight Six and sell it at the lowest possible price.

We have sold the Chandler car for hundreds of dollars less than cars of similar quality

We have built the Chandler car, as fundamental features of construction and equipment, the most important features which are characteristic of the highest priced cars of all types—features which are not found in other medium-priced. Sizes, or found, at best, to only slight degree.

Now, however, the Chandler price must be advanced

It must be materially advanced to cover greatly increased costs which have arisen this Spring by reason of unprecedented conditions in the material supply and labor markets and in problems of transportation.

Production costs throughout the past three months have advanced and in long strides. This is a condition which we cannot control. It is a condition which we must meet.

So the Chandler price must be advanced. In making this advance we do not depart from our firmly established policy of keeping the price just as low as it can be kept and still provide reasonable manufacturing profit.

At $1595 the Chandler car will still be under-priced

It will be distinctly under-priced, as compared to other cars which some may consider of similar quality. By test of any conceivable comparison this statement is a provable fact.

Now you can buy this great Six at $1595, f. o. b. Cleveland.

While the $1595 price holds, the demand will continue to greatly exceed our production, and we cannot guarantee deliveries.
