Gladstone, Sketch of a Great and Good Man.

William Ewart Gladstone was born at Liverpool, December 29, 1809. He was the son of Robert Gladstone, a Liverpool merchant, and his wife, whose maiden name was Aldridge. The Gladstones had removed early in life from Leeds to Liverpool, where he became a prominent member of the Anglican Church. His commercial relations to all parts of the world extended his views in life. He was educated at the local public school, and at the same time with his son. In 1824, Sir Robert Peel made the elder Gladstone his private secretary, and later Sir John died and the title went to Thomas Gladstone, his elder son.

William received his earliest instruction at home, and in 1832 he entered Eton College, where his scholastic attainments were few. It was not until after he began his college career that he was graduated with first-class honors in 1829. In 1832 he entered the University of Liverpool, where he was graduated with first-class honors in 1833. The University of Liverpool was the alma mater of the Gladstone family.

In 1834, Gladstone met his future wife, Catherine Crichton, the daughter of Sir Robert Peel. They were married in 1835.

Gladstone's early training had prepared him for nothing of the most rigid type, and these sentiments had been strengthened by his time at Eton.

In 1834, Gladstone became a member of Parliament for Liverpool. He was re-elected in 1836 and served for 45 years, until 1880.

Gladstone was a member of Parliament for Liverpool from 1835 to 1880. He was a prominent member of the Liberal Party and served in several ministerial capacities, including Chancellor of the Exchequer.

In 1846, Gladstone became the liberal party's candidate for the contested seat of Calcutta, and he was elected with a majority of 1,000. He served as a member of Parliament for Calcutta until 1852.

In 1852, Gladstone was appointed to the position of President of the Board of Trade. He held this position until 1855, when he was appointed Secretary for the Home Department.

As Secretary for the Home Department, Gladstone was responsible for the introduction of the Reform Bill, which was a major reform measure of the time. The bill was designed to extend the franchise to more working-class people and to reduce the influence of landowners in Parliament.

Gladstone was also responsible for the introduction of the Comptroller of the Treasury, which was a measure to reduce the power of the Prime Minister.

In 1868, Gladstone was appointed Prime Minister of the United Kingdom. He held this position for 25 years, until 1894.

Governor Eby Eichle Calls For Another Company — The President Wants 1,000 Volunteers

Last night Governor Eby Eichle issued a second call for one company.

**This is necessary for the reason that the regiment of volunteers now mustered will still lack one company to complete its strength.**

The governor would issue a call for two companies, but late last night the adjutant general of the Department of the South Carolina authorized a call for one company. Neither of the calls were made, and the names of the companies are now being announced. The governor is expected to announce the names of the companies in the next few days, and after some preliminary examinations they will be accepted.

The members of the sub-committee of the volunteer organizations met last night in the House of Representatives to arrange for the selection of a schedule of meetings for the next campaign, met last night in the State House, and the committee is now working on the nomination for the upper portions of the State.

Capt. Eaves will be appointed to the office of County Auditor, to fill the vacancy caused by the death of the late Mr. Edward E. Jones, representing the 8th circuit, volunteer for the office of County Auditor, and has been promoted to the office. The committee is now working on the nomination for the upper portions of the State.
