No. 44

NOW ADMIT FAILURE OF SUEZ CANAL ATTACK

The news of the failure of the Allied attack on the British and French forces in the Suez Canal area, which was expected to be the opening move of the great offensive against Turkey, has been received with great disappointment in Allied circles. The attack was made early in the morning, and reports indicate that it was repulsed with heavy losses on both sides. The Allies have admitted that they are forced to abandon the attempt and withdraw their forces.

10,000 AMERICANS IN FRANCE REACT TO PASSAGE OF NEUTRALITY BILL

The passage of the neutrality bill in the United States Senate has caused widespread concern among American citizens living in France. Many expressed their opposition to the bill, fearing that it would lead to a decrease in the number of American troops stationed in France. The bill was passed by a narrow margin, and its fate is uncertain in the House of Representatives.

NEW RACE RIDE FROM BANGOR TOWN

A new race ride is being organized in Bangor, Maine, with the aim of raising funds for a local charity. The ride will start on June 15th and will cover a distance of 100 miles. Participants are encouraged to bring their own horses or bicycles and to raise money for the charity by collecting donations along the route.

SEVEN THOUSAND GOOD JOBS WILL BE IN GERMANY

The German government has announced plans to create 7,000 good jobs in various industries throughout Germany. The move is part of a broader effort to stimulate the economy and reduce unemployment. The government is offering generous incentives to businesses that create new jobs, including tax breaks and grants.

GERMAN MILITARY TO RESERVE CLASS

The German military has decided to call up reservists from the reserve class to reinforce their forces. The reserves will be called up for a period of three months and will be assigned to various units, including the army and the navy. The decision was made in response to the Allied offensive, which has put a strain on Germany's military resources.

NEW YORK HAS A RUN DRAFT BUREAU

A new draft bureau has been established in New York City to handle the mobilization of American men for military service. The bureau is located at the Pennsylvania Station and is staffed by experienced draft officials. Men are being called up for service in various branches of the armed forces, and registration is underway for all eligible men.

BASEBALL AT Y.M.C.A.

The Y.M.C.A. has announced plans to organize a baseball league for young men in the community. The league will be open to boys aged 14 to 18 and will offer a chance to play baseball and make new friends. Registration is open, and games will be played at local parks.

NOW IN GREENLAND

The U.S. government has announced plans to establish a military presence in Greenland. The move is part of a broader effort to strengthen America's position in the Arctic region. The military presence will include a small number of personnel and will be used for research and surveillance purposes.
