June 29. 1863-

Noah Goodwin-

We have been informed that the

Goodwin family of Brooklyn, New York, are spending the sum-

mer at their summer residence on

the site of the old homestead of

Goodwin, which was occupied by

their ancestors for many years.

Supervisor S. W. O'hoals-

bridge were written, we have

sought to determine the reasons

for their action. It appears that

the bridge was built on land

owned by the Goodwins, who

were willing to sell it to the

state for the purpose of building

the bridge. However, the Good-

wins were not satisfied with the

amount offered for the land

and refused to sell it. The state

then proceeded to build the

bridge on the other side of the

river.

Mr. O. W. Kelsey, of the Public

SchooL Board, has been asked

to attend a meeting of the

schools in this district. He is

expected to arrive at his desti-

nation next week.

Mr. Anderson, June 16—A long dis-

tance ride from the town was

made by Mr. Anderson, who

visited his friends in the coun-

try. He reported that the

weather was fine and the

country beautiful.

The Press Association is to meet

at the office of the Evening Post

next week. The meeting will be

attended by the editors of the

local papers.

Any person who is willing to invest money in the stock of the

Chester Realty Co. will find it a very good investment. We have

several years a party of investors have brought money into this

company and it has paid off a handsome dividend. At present

we have a fair amount of money and we are in a position to

invest it for the benefit of our stockholders. We have

agreed with Mr. W. W. Hodge to manage the properties for us

and he is doing a good business.

The worst troubles we have are those we deliberately seek. The men who serve in temples today aren't serving in the past. They have been to the place where the flowers are, and they return with other flowers in their hands.

At this season of the year when the system is the least able to help, the homeocure of Dr. Shoop's Kidney, Bladder, and Urinary Remedy is most needed. Parents are urged to buy and try it. It is guaranteed to cure all kidney troubles, or the dealer will pay the full price. A sample will be sent to any person who asks for it.

Dr. Shoop, in his address to the American Medicine Society, last week, said: 'The greatest need for a remedy for kidney trouble is not in the city, but in the country. It is estimated that 25 per cent of the population suffers from some form of kidney trouble. This trouble is often overlooked, and only when it becomes acute is it recognized. The remedy for kidney trouble must be both a preventative and a cure. It must be a tonic and a diuretic. It must be able to act on the kidneys, and it must be able to act on the system. Dr. Shoop's Kidney, Bladder, and Urinary Remedy is such a remedy. It is a combination of the best remedies known, and it is guaranteed to cure all kidney troubles, or the dealer will pay the full price. A sample will be sent to any person who asks for it.'

A Lesson in Health.

The girl who works, God bless her. She has a place in the world and goes out as teacher, salesgirl, nurse, or whatever she may do. She is a credit to her sex. She is a good example to her contemporaries. She is a source of pride to her parents. She is a source of comfort to her family. She is a source of inspiration to her friends. She is a source of help to her community. She is a source of joy to all who know her. She is a source of strength to all who love her. She is a source of comfort to all who need her. She is a source of happiness to all who care for her. She is a source of growth to all who strive for knowledge.

Help is offered to women of all ages.
