Germans Fail in Attempt

New York police declared that the German lines were under heavy bombardment, but that there had been no actual fighting, and that there was no evidence of large losses. The German forces were said to be well supplied with food and ammunition, and were reported to be advancing at a steady rate.

Each Side Claims to Be Winner

Foreign correspondent described his first experience in a battle, saying that he had been impressed by the bravery and determination of both sides. He noted that the fighting was intense and that both sides suffered heavy losses. He also commented on the difficulty of distinguishing between friend and foe in the smoke and confusion of battle.

Well Known York Man Has Passed Away

A local man, who was well known in the community, died suddenly. He had been active in local affairs and was respected for his wisdom and judgment. The community was shocked by his death and the funeral was attended by many.

Wildfire Meeting Held in Hartville

A meeting was held in Hartville to discuss the problem of wildfires. The meeting was attended by local officials and concerned citizens. It was agreed that more effort should be made to prevent wildfires, and that future meetings should be held to discuss the issue.

Wilson's Mexico Too Late

The Department of the Interior announced that it would soon take over the reins of government in Mexico. The announcement was met with mixed reactions, with some people expressing relief and others expressing concern about the future of the country.

State Tax Review Board

The board held a meeting to review the state tax laws. The meeting was attended by government officials and interested citizens. It was agreed that the tax laws should be reformed to better meet the needs of the state.

Story of the Week

The domestic scene was marked by a series of events, including the death of a well-known local man, and the imposition of conscription in Kansas. The news had a significant impact on the community, and the events were discussed in detail in the article.

White Oak June 3.—There has been some concern in the community about the health of one of the children. The concern has been noted by the local nurses, who have been monitoring the child's progress.

The weather was generally mild and pleasant, with no significant changes in the atmosphere.

Word from abroad

The Department of War announced that the German forces were still advancing, but that they had been forced to slow down due to the efforts of the Allied forces.

The news was met with mixed reactions, with some people expressing relief and others expressing concern about the future of the country.
Impossible To Get So Much Motor Car Value For The Money

W. E. FIND this is the attitude of many people who come into our saleroom—before they have anything to say about the Maxwell.

Not until the Maxwell is shown and demonstrated to them—until they sit in it and examine the finish—until they ride in it—perhaps not until they drive it themselves, do they realize what a tremendous value is offered in the Maxwell car.

It is not unusual that Maxwell value should not be known to everyone, because it is uncommon to find such a car for a good margin more than the Maxwell price.

The Maxwell stands absolutely alone in a highly competitive field, for the amount of value it offers for the price.

Applicances—The lines of the Maxwell are decisively attractive. There is no kernel to be found in the car except to the eye of the Madison. The finished shape is ideal, as well as the exterior contours of the car, can be easily imagined. The interior finish, and every part of the car, and were much admired by the inspection of those who saw it.

Upon approaching Liverpool hundreds of people came to board the Savannah. On approaching the docks, Liverpool, passengers were waving their hats at their other sports, and were much gratified by the inspection of those who saw it.

During the career of the Savannah, the public regarded the boat with surprise and admiration, with the ambitious views of the British. The Savannah is now to be seen by the people of the world, and it is to be hoped that this Savannah has the same effect in England as in the United States.

The Savannah arrived twenty-five days at Liverpool and sailed for St. Petersburg on July 23, “getting under way with steam” to St. Petersburg until October 9th she reached St. Petersburg the British public were much interested in the Savannah. The Savannah is now to be seen by the people of the world, and it is to be hoped that this Savannah has the same effect in England as in the United States.

The Savannah was built at the city of New York for the purpose of carrying passengers to the British possessions in the West Indies. She is to be seen by the people of the world, and it is to be hoped that this Savannah has the same effect in England as in the United States.

The Yankee farmer makes $500 more a year than we do. We are as smart as he is and must learn to make this extra $500, too.

SOUTH Atlantic dncsdMM worth <.

Will carry every week for the next six months notable articles by Prof. W. F. Massey, "The Grand Old Man of Southern Agriculture," on "$500 More a Year for the Southern Farmer: How to Get It"—HERE ARE SOME OF THE SUBJECTS PROF. MASSEY WILL DISCUSS. EACH ARTICLE TELLING HOW DO THAT JOB:

1. We Must Understand Why We Make Less Than the Northern or Western Farmer.
2. We Must Make Our Own Land Better.
3. We Must Make Our Own Land Better.
4. We Must Learn Better Letters and Business.
5. We Must Learn Better Letters and Business.
6. We Must Improve Our Own Land More Wisely.
7. We Must Make More of Our Own Seed.
8. We Must Farm So a Way to Keep the Same.
9. We Must Keep All Our Crops.
10. We Must Make More of Our Own Hay and Seed Selection.
11. We Must Keep Farming and Farming.

And Prof. Massey's page is only one of fifty features that have made The Progressive Farmer famous as "The Farm Paper with the Punch." It suits every member of the family—not only giving the farmer himself the best help, but also giving the best farm woman's page in America and a superb Young People's page.

Order The Progressive Farmer now and make your start toward "$500 More a Year."

(The importance of raising more livestock will be discussed in a later series of articles by Dr. T. C. Butler.)
CLEANSINESS

Our Watchword!

Thousands of people die annually from germs of disease that are communicated to them on account of their clothes being washed under improper conditions. Pellagra, tuberculosis, and other diseases, just as serious and far more hideous, are communicated this way. Can you afford to run the risk of contracting disease in this manner? If not, let us do your washing. Our plant is guaranteed to be absolutely clean and sanitary, and we invite the most rigid and searching investigation.

Special Low Rate on Flat Work and Family wash.

Plant being Improved, and enlarged.

Nothing too good in the way of late machinery for us.
