LIST OF VICTIMS OF TORNADO CROWING

Arkansas Kazan, ... to B. 60 Dead and 300 Injured—Bif

Property Damage.

Little Rock, Ark., June 6.—In conclusion, the conditions were described today in the section of the tornado area by Dr. Frank Johnson, surgeon in charge of the Red Cross detention hospital in Little Rock. The hospital was set up in a church and reports of property damage reached hundreds of thousands of dollars. Johnson said that the area would reach 600,000 with some 400 lives lost. The report was made from a section of the state where it was estimated 600 persons were killed and hundreds of injuries.

The death list at Little Rock, a town of 40,000 people, has been indefinitely postponed. There were reports of 2400 dollars' worth of property damage, but estimates of total damage were in the millions. The list of dead and injured increased to 60, many of whom were killed in the town of Malvern. From little damage was reported in the town of Little Rock.

Some sections of the state appeared to have escaped one of the many storms which assailed the central Mississippi Valley. The great loss of life was at Judsonia, a town of 100 people, where the list of dead is estimated at 100. All are negroes, although three injured white persons were reported. Casualties reported were one from Forest City, the list of dead 10; from Little Rock, the list of dead 10; and from Ozark, with six reports of dead and six of injured.

Nothing To Be Added To The Maxwell

You will never want to add anything to your Maxwell.

The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

That is the way that Maxwell cars are designed, manufactured and sold.

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.

Always Be Ready

We first laugh at the follies of the small boy, but when they become serious it is time to think of a Drug Store.

The prudent thing to do is; prepare in advance for the little folk's indiscretions, sure to be committed, by HAVING ON HAND a full supply of household remedies.

Come in, and we will help you select the remedies that should always be in every home.
